SHOPMEN ADMIT THEY ARE DISCUSSING PEACE PLAN; INJUNCTION HEARING IS STILL GOING ON

GOVERNMENT IS WINNER IN FIRST ROUNDS IN COURT

CHICAGO, Sept. 12.—(By The Associated Press)—Judge Jas. H. Wilkerson today deferred hearing on the motion of attorneys for the rail strike leaders for modification of the temporary restraining order pending completion of the government's effort to show that the dominant purpose of the alleged conspiracy is the destruction of interstate commerce.

Citing supreme court decisions in the Coronado coal case, retail lumber dealers case and the Patten Cotton Corner prosecution Judge Wilkerson said the question raised by the government's allegation was a vital one and should be settled before the request for modification of the present order can be acted on.

Donald R. Richberg, attorney for J. M. Jewell and John Scott, strike leaders, interrupted the hearing to demand of the government attorneys whether a statement which he branded "criminally libelous" printed in the morning papers as coming from Attorney General Daugherty's office had been given out by Mr. Daugherty or his associates.

The statement was a resume of the list of murders and other crimes growing out of the strike, read in court yesterday.

The strikers' attorney said the statement "libelous" attributed to his clients acts of which they had no knowledge.

Judge Wilkerson disposed of the defense objection to the statement reported by the papers as coming from the Attorney General's office with a cautionary warning to both sides to refrain from making statements tending to influence public opinion prior to the disposal of the case. Such statements, he said, "are highly improper."

Blackburn Esterline, assistant to the solicitor general, resumed the presentation of the government's evidence in support of the bill for a temporary injunction with the reading of affidavits and reports covering interference with fruit shipments from the state of Washington and figures on accidents due to fault in the railroad equipment. The report showed of 47,926 locomotives on railroads reporting 7,500 were out of service during the entire month of July while 48,835 were reported for inspection and repair.

Ohio Legion Prays

For Mrs. Harding

DAYTON, O., Sept. 12.—(By The Associated Press)—Ohio American Legion men, preparing to wind up their annual two-day convention, passed a resolution this morning praying for a speedy recovery of Mrs. Warren G. Harding, ill in the White House.

The campaign for election as state commander started today, with three candidates in the foreground, Gilbert Beitzman, of Cincinnati; A. Beurel, of Columbus, and Dr. Dan I. Ford, of Toledo. Ballots are to be cast late today.

Mason Douglas of the speakers' bureau of the American Legion, gave the only talk today, the balance of the time of the convention being devoted to whipping resolutions and reports into shape for presentation.

Ships Costing \$300,000,000 Are Sold For \$750,000

WASHINGTON, Sept. 12.—(By The Associated Press)—The government today sold its fleet of war built wooden ships, the shipping board accepting a bid of \$750,000 made by George D. Perry, an attorney for the firm of Lent and Humphrey, of San Francisco, for 226 of the vessels.

The bid was accepted at a competitive sale conducted by Chairman Lusk and members of the shipping board and the action leaves the government with only ten wooden ships on its hands.

The ships sold today represented a cost of \$300,000,000.

PEGGY WOOD ENGAGED
NEW YORK, Sept. 12.—(By The Associated Press)—Peggy Wood, musical star, has announced her engagement to John V. A. Weaver, literary editor of the Brooklyn Eagle.

The date for the wedding was not made public. Miss Wood, daughter of Eugene Wood, author and magazine writer, gained fame in "Buddies." She also starred in "Maytime" and "Marjolaine."

TOTAL LOSS WAS THIRTY

GIBRALTAR, Sept. 12.—(By The Associated Press)—Thirty women and children drowned when two small boats capsized are believed here to represent the total loss of life among the passengers of the ill-fated *Hammonia*, which sank Saturday off Vigo, Spain.

The Spanish Soldier Prince, which carries survivors of the disaster, reported today that the two boats carrying the thirty women and children, and manned by crews from *Hammonia*, turned over immediately after leaving the sinking vessel.

STRIKERS WIN DEMANDS
GALLIFOLIS, O., Sept. 12.—(By The Associated Press)—Ship carpenters at Point Pleasant, W. Va., who went on strike yesterday, returned to work today. The companies agreed to pay them their demands of \$5.35 per day.

Decorator Fights With Bandits, Takes Gun From One, Shoots Both Fatally

TOLEDO, O., Sept. 12.—(By The Associated Press)—Two bandits were shot, both probably fatally, by Joseph H. Wagner, 32, a decorator, here early today. The bandits were registered at the hospital where they were taken as James Day, Canada, and Amith Smith, of Pennsylvania.

Wagner came upon the bandits as they were in the act of beating and robbing a neighbor. In a struggle he obtained one of the bandit's guns and shot the former owner of the weapon twice. He then turned on the other robber and shot him twice. At the hospital it is said the men will die.

8 MINERS DIE IN RIOT

LONDON, Sept. 12.—(By The Associated Press)—Eight miners and one policeman were killed and a number of persons injured in a riot at Bismarck Hutte, Polish Upper Silesia, yesterday, according to a Berlin dispatch to the Times.

The trouble began when miners objected to being paid in Polish marks, hitherto having received their wages in German currency.

They overpowered the police and when soldiers with machine guns arrived, the mob stoned them. The soldiers fired and numbers of persons fell. Military reinforcements arrived and order was restored. Work in the mines has ceased.

Seeks \$75,000 For Her Eye

ST. LOUIS, Sept. 12.—(By The Associated Press)—A suit for \$75,000 damages was filed in circuit court here yesterday by Mrs. Anna Newman, stenographer, for the loss of her right eye. She charges she was struck in the eye by a golf ball while she was bowling on a lagoon lying between two holes. She charges four golfers were negligent in not warning her. It happened on a municipal course.

Peach Seeds Good "Coal"

OAKDALE, CALIF., Sept. 12.—(By The Associated Press)—Oakdale fruit growers are solving the fuel problem for themselves, regardless of the coal and railroad strike. They are saving peach stones and intend to use them in place of coal this winter. In the past hundreds of tons of peach stones have gone to waste. Farmers have discovered the stones will give as intense heat as coal.

Phi Beta Kappa Meeting

New Tariff Bill Is Ready

WASHINGTON, Sept. 12.—(By The Associated Press)—The administration tariff bill finally perfected in conference, was presented today in the house and the conference report on it, bearing the signatures of the Republican managers, will be called up tomorrow with the expectation that it will be disposed of not later than Thursday.

The measure then will go to the senate but because of opposition to the dry embargo and other provisions, action there may be delayed a week or more.

As now framed the bill is estimated roughly by the experts to raise approximately \$400,000,000 in revenue on the basis of the present volume of the nation's export trade. The level of its rates according to the experts is slightly below the level in the Payne-Aldrich bill the last Republican protective tariff but is considerably above the level of the Democratic Underwood law now in force.

The bill will become effective immediately after President Harding signs it replacing both the Under-

WRECK CAUSED BY PULLING SPIKES

WASHINGTON, Sept. 12.—Derailment of an express train on the Michigan Central Railroad near Gary, Ind., Aug. 20, which resulted in the death of two railroad employees and injury of two passengers was caused by "malicious tampering with the track" according to a report issued by the bureau of safety of the Interstate Commerce Commission.

Careful examination of the track after the accident, the report stated showed it to be in good condition while no defects were found in the wheels and axles of the derailed equipment.

"The evidence," the report said, "clearly indicates that 30 spikes had been withdrawn from the ties on the outside of the left rail, leaving it without support and permitting it to spread outward under the engine hauling train number 39, resulting in the derailment of the engine and following cars. At the time of this investigation it had not been definitely determined when or by whom the spikes were removed.

ford, said there was no astronomical observation worthy of serious consideration in support of Wegener's theory. Greenland, he admitted, had an apparent drift showing a change of three-quarters of a mile in position between 1823 and 1907. All other evidence, however, was against the existence of changes in latitude and longitude.

Ohio's Corn Crop Is Smaller

COLUMBUS, O., Sept. 12.—Ohio's corn crop this year will be the smallest since 1918; it will total 145,000,000 bushels which is 8,000,000 bushels less than in 1921. C. J. West, state-federal agricultural statistician, reported today.

He said corn is much better than

last year in most of the southwestern counties of the state and it also is better in several of the western counties, where the dry weather of last year cut the crop short. West said the northwestern Ohio counties have not been able to overcome the hand-

cap arising from the wet spring.

Jewell And Other Leaders Smiling; Appear Confident Of Reaching An Agreement

CHICAGO, Sept. 12.—(By The Associated Press)—A basis for settlement of the strike of railway shopmen was considered today by the general policy committee of the shop crafts, E. M. Jewell, head of the railway employees department of the American Federation of Labor announced at the conclusion of the morning session.

Jewell's brief statement was the first public acknowledgment that a strike settlement basis had been presented to the policy committee, notwithstanding many rumors and reports concerning settlement plans. He, however, would give no indication what the plan was and asked that speculation concerning it be dropped in order not to interfere with the committee's discussions. There were indications, union officials said, that an agreement probably would be reached late today.

Mr. Jewell and other union leaders appeared optimistic and many of them were smiling when they left the conference room at noon after a two hour session.

"The meeting has adjourned for lunch to meet at one p. m. to continue consideration of the strike and a proposed basis for settlement which had been presented," was all Mr. Jewell would announce.

Other union officials were equally cheery of manner and equally secretive although some of them said they

expected a decision late this afternoon. Mr. Jewell earlier in the day, said he thought a decision probably would be reached by five or six a. m. Following adjournment of the general policy committee the executive council of the striking shop crafts went into session. The purpose of the meeting was not announced and could not be learned. All the striking crafts were represented at the executive council session.

British Get Iron Orders

LONDON, Sept. 12.—(By The Associated Press)—Orders for 300,000 tons of foundry iron have been received in Great Britain recently as a result, it is believed, of the labor disputes in the United States and Canada.

Scottish iron masters' works which have been cleared out, are preparing to light their furnaces in consequence of the orders.

MICKY SHEA RELEASED
TOLEDO.—John J., alias "Mickey" Shea, was ordered released from the federal penitentiary at Atlanta, Ga., by First Assistant District Attorney Joseph S. Breitstein.

NEW YORK, Sept. 12.—(By The Associated Press)—The advent of a new style of men's trousers that is coming out of the west, is revealed at the male style show conducted at Madison Square Garden in connection with the annual convention of the National Retail Clothiers' Association.

The new trousers are called "toreador," and have all kinds of fancy fixings. They are belted at the bottom, with slits laced together, and may be decorated with bells, little buttons and fancy braids.

The fad, said to have started among high school and college boys near the motion picture colony in Los Angeles already has been banned, reports here have it by the southern branch of the University of California, where freshmen had planned to wear them together with sideburns. For the first time in the history of the National Clothiers' Association, living models are being used in the four day show to exhibit men's styles and judging from the variety, the good old days when a man could be certain that "everybody is wearing this now" are gone forever.

REV. McAFEE'S CONGREGATION AT MARION, O., PRAYS FOR MRS. HARDING

MARION, Ohio, Sept. 12.—Prayers for the speedy recovery of Mrs. Warren G. Harding were offered at all churches in the home town of the President. Hundreds of telegrams have been sent to the White House from Marion and almost as many telephone calls have been made.

At Trinity Baptist church, the church of the President, a two-minute prayer for Mrs. Harding's return of health was offered. The church voted to send an expression of its sympathy to the President.

Dr. Thomas H. McAfee, pastor of President and Mrs. Harding's church, who has been ill for months, has been praying continually for an improvement in Mrs. Harding's condition. A telegram sent to the White House by Rev. Dr. McAfee is typical of the regard felt for her here.

"I am praying for your recovery," said the telegram, "I am trusting God to take care of you."

When informed of an improvement in Mrs. Harding's condition Rev. Dr. McAfee said: "I am grateful. We have been very anxious about her. We all have prayed for her."

The telegram sent by the President's church follows:

"The congregation of Trinity Baptist church unitedly offered prayer for the speedy recovery of Mrs. Harding. We are grieved deeply over her illness and wish to assure you of our continued prayers and loving regard for you both."

Scores of owners of radio equipment remained at their homes today listening for news bulletins, hoping for a late report of the condition of Mrs. Harding.

Dr. George T. Harding, father of President Harding, received a detailed account of the condition of Mrs. Harding. He said:

"From the latest reports of the symptomatology of Mrs. Harding, I am glad to notice that she is on the improvement. It certainly has kept us all worried. The extra rest that she has had will help. Florence has a good constitution. Whenever she was sick she always recovered rapidly. After an operation 15 years ago, she recovered remarkably."

TELEGRAM, SIGNED "REDHEAD," SPILLS BEANS FOR MCCOY'S NINTH MARRIAGE

LOS ANGELES, Sept. 12.—Kid McCoy's ninth romance is wrecked and Mrs. Jacqueline McDowell, who came here from Baltimore with the announced purpose of becoming his partner for life, has returned to her home in the east.

This is the statement of Kid McCoy himself, whose real name is written Norman Selby, on the new useless marriage license which he and Mrs. McDowell obtained several days ago.

A telegram to McCoy signed "Redhead" accidentally discovered by his prospective ninth bride delivered the knockout to the expunged wedding plans, it was said.

Company Is Driving 24 Foot Tunnel Through Mountains, Distance 13 Miles

W. Edgar Thompson, of Los Angeles, California, is now visiting his mother, Mrs. V. W. Thompson, at 2401 Baird Ave. He has been connected with the Southern California Edison Company of Los Angeles for the past ten years. This company supplies electrical energy to central and Southern California, an area embracing 50,000 square miles or larger than the seven eastern states of New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New Jersey and Delaware. It is the third largest electrical utility in the United States and has the largest number of stockholders. The company obtains its electrical energy from 8 large steam plants and 17 water power plants. Its main water supply is located in the high Sierras, 240 miles northeast of Los Angeles, along Big Creek, a tributary to the San Joaquin river. Here the company has an ultimate development of over 700,000 horse power which is to be completed by 1935. To get material and supplies to this site it was necessary to build a railroad 65 miles long and at a cost of over \$500,000. The water from the melting snow is stored in Huntington Lake, an artificial reservoir created by building an immense reinforced concrete dam across the mountain canyon. This lake has a capacity of 88,000 acre feet, that is, it holds enough water to cover 88,000 acres to the depth of one foot. From Huntington Lake (named after Henry B. Huntington), the water goes through immense steel pipes to the power plants. When this project is completed, the same water will be used through five different plants and then put back into the San Joaquin River to be used by the ranchers in the valley to irrigate their lands.

The company is now driving a tunnel 24 feet square through the mountains, a distance of thirteen miles, to divert the waters from the north branch of the San Joaquin river to Huntington Lake. This tunnel will be completed in April 1925 at a cost of over \$6,500,000. This work is being rushed night and day as the company is experiencing difficulty in developing electrical energy as fast as it is required due to the rapid growth of Central and Southern California. Although their expenditures this year will amount to over twenty seven million dollars, The Southern California Edison Company employs over 1500 men to operate and maintain its vast network of transmission and distribution lines which cover an area of 5500 square miles. Mr. Thompson has charge of the efficiency work in connection with the steam plants and is Director of Education for the company.

Austrian Situation Awaits Coming Of Lloyd George

GENEVA, Sept. 12.—(By the Associated Press)—When Prime Minister Lloyd George of Great Britain arrives here, it is expected he will find in Geneva all the necessary elements for a supreme council session. France will be represented by Raymond Poincaré, while the Italian delegation upon obtaining confirmation of the announcement of Mr. Lloyd George's coming will send Foreign Minister Schanzer, Paul Hymans, of Belgium, who has been here since the opening of the league of nations session has been a frequent participant in supreme council sessions, while the Japanese ambassadors Hasegawa and Ishii are both here to represent their nation.

The news that the British premier was coming here next week has injected new life into the lagging interest in the league assembly sessions. Great pressure has been brought upon the British premier to induce him to come, the strongest argument being that the general peace was held largely responsible for the growing difficulties and the increasing unrest of Europe and that grave danger to the general peace was threatened if the distresses of the early winter came on before anything had been done to help Central Europe out of their present prostration.

"It will take fifteen years to get Central Europe organized again on any basis," said one of the leading Central European statesmen in discussing the situation today outside the league session, "and if a beginning is not made right now what may happen is beyond comprehension. Austria cannot go through another winter of near starvation without upheavals that will spread."

This delegate and several others had planned to speak out plainly along these lines in the assembly during discussion of the work of the council, but decided to postpone their action in order not to seem to be hampering the council in its dealing with the Austrian problem. They have decided however, to insist upon a full and frank discussion of the situation during the British premier's visit when the Austrian question comes from the assembly with the recommendations from the council.

Here Are The Returns From Maryland

BALTIMORE, Md., Sept. 12.—United States Senator Joseph I. France, Republican, and Wm. C. Bruce, Democrat, probably will be the opposing candidates at the Maryland senatorial election in November. Senator France was decisively over John W. Garrett, secretary of the Washington arms conference in yesterday's primary, while Bruce appeared from incomplete returns to be assured of the victory in the three-cornered Democratic fight. William I. Norris and David J. Lewis were his opponents.

The vote on both sides was light, about 60,000 Republicans going to the polls, of whom 30,000 voted for France, and 32,000 Democrats. The Republicans had only the senatorial contest to draw them but the Democrats had fights in five congressional districts.

Chief interest in the congressional contests centered in the first district in which Congressman T. Alan Goldsborough, a dry, won easily over Alexander M. Jackson, listed as wet, and Albert W. Sisk, who favored government control of the liquor business.

CINCINNATI, O., Sept. 12.—(By the Associated Press)—Gus Lieberman, 18 years old, wanted on a charge of first degree murder in connection with the killing of his father, Frank Lieberman, three weeks ago on the home farm near Batavia, Ohio, surrendered himself to Sheriff John Rapp, Batavia, last night. Police of the entire state had been waiting for him. His father was found with a load of buckshot in his back the day the lad disappeared.

PAGEANT POPULARITY CONTEST IN FULL SWING

The Pageant of Portsmouth popularity contest is now on, and judging from the interest manifested it is going over with a bang. Many candidates for the various prizes have been balloted upon and the result of the first day of the contest will appear in tomorrow's papers, together with names of the contestants who have been placed in the running by their friends. In all the contest will run until the Monday preceding the pageant which will be September 25. However, the "polls" will not close until the morning of the pageant, giving those in charge an opportunity to complete the count of the ballots that will appear in the Morning Sun of that date.

There are in all eight handsome prizes to be awarded as follows:

Sweetest baby, under one year, a baby cap.

Most popular married lady, fat porker.

Young lady who will make the best wife, pattern doll.

Most popular little girl, under 12 years, Parle doll.

Most popular young gentleman, a gold headed cane.

Homesell man, silk hat.

Most popular minister, dressing gown.

Most popular commercial traveler, traveling bag.

Anyone is at liberty to nominate candidates. To do this it will be necessary to secure a coupon either from the Monday Evening Times or Tuesday's Morning Sun. These coupons are good for 500 votes. The coupon in today's issue of the Times is good for 50 votes. Those desiring to vote will kindly fill out the blanks in the coupons and take the ballot to either of the following places: Flood and Blake's drug store, Miller's Pharmacy, Win Nye's drug store, Staller's Pharmacy where receptacles have been placed for the ballots. These votes will be counted each day.

The prizes are well worth working for and there is little question but before the contest closes the candidates will receive many thousands of votes. Remember, the winners will be presented with their prizes each afternoon of the pageant.

E. C. Hood, chairman of the publicity committee announces that his committee has decided upon rather stringent measures in order that the windows of the various stores may carry advertising matter concerning the pageant. On Wednesday evening every window along the principal streets will be placarded with gum stickers unless objections are made between now and Wednesday evening. The stickers will be placed on the outside of the windows and high enough not to obstruct any view of the interior. They are rather artistic signs, pennant shape and it is hoped there will be no objection on the part of the people in having these pennants placed on the windows.

Train Victim Will Recover

Clayton Killen, 36, millwright, 2101 Gallia street, who suffered the loss of his right arm when run down by an N. and W. locomotive at the crossing of Eleventh and Gay streets early Sunday morning, continues to improve in Hemplested hospital and his chances to recover are now regarded as good.

Mr. and Mrs. Louis Vetter (Madelyn Augustin) announce the birth of a son this afternoon at their home, 700 Fourth street. The little lad has been named Louis J. Vetter, Jr.

Mildred Elizabeth is the name given to the daughter born recently to Mr. and Mrs. Earl Reynolds of Harrison street, Sciotoville.

James Robert is the name given to the son born Monday to Mr. and Mrs. Clarence Flisler of 1629 Eleventh street.

TO REBUILD STORE

ASHLAND, Ky., Sept. 12.—Replacement immediately of the home of the Tri-State Grocery Company at Kenova, destroyed by fire Saturday, is the plan of the owners, D. C. Staten, president of the company, said today.

Construction of the new building will be started at once. It will contain twice the floor space of the old structure and will be a modern commercial building in every way.

Lack of Brick May Delay Paving Work

Contractor H. M. Snyder, who will pave over three miles of the Gallia pike east of Franklin Furnace is now putting in his masonry work and is looking after the grading. He may not be able to complete the paving before December 31, unless the Peabody Brick company is able to furnish him the brick contracted for. The Peabody company's output is being curtailed owing to a lack of fuel.

Jewell Smiling

(Continued From Page One)

WASHINGTON, Sept. 12.—(By the A. P.)—Advices received here today by officials in close touch with the rail strike situation said that the basis of settlement under consideration at the meeting in Chicago of the general policy committee of shop crafts embodied proposals recently worked out by B. M. Jewell, head of the striking shop workers, and Daniel Willard, president of the B. and O. Railroad.

The information received by officials was that decision as to acceptance of the proposals depended largely upon the number of roads ready to agree to the proposition.

Officials said it was indicated that between 50 and 75 roads were inclined to favor the settlement plan under consideration. The proposals were understood here to involve the return to work of all strikers, men now employed in shops to be retained, and fundamental questions at dispute to be arbitrated by a committee representing the roads and the unions. Seniority was said not to have been mentioned in the settlement plan.

SOCIETY

Of the many social courtesies given for Miss Katherine Appel, bride-elect of this month, none have proven more delightful than the miscellaneous shower and bridge given this afternoon by Miss Katherine Hall at her pretty home, 1321 Second street. The affair was a most successful and enjoyable one. Baskets and vases of fall flowers bore out a color scheme of pink and white and greatly enhanced the beauty of the open apartments. After the guests had assembled the charming bride-elect was presented with a handsome array of beautiful and useful gifts for her new home. The presentation was made by little Martha Jane Watkins, winsome daughter of Mr. and Mrs. J. Leigh Watkins. The gifts were attractively arranged on a tea wagon, prettily decorated in pink and white flowers and maline, to represent a float, and was guided into the presence of the bride-elect by this dainty little maid.

After the gifts were opened and admired tables were arranged for bridge. The game throughout the afternoon was full of zest and thrills and at the close handsome trophies were awarded for high and low scores. At five o'clock a delicious refreshment course was served as the scores. At five o'clock a delicious repast with pleasure and thoroughly enjoyed by the Misses Katherine Appel, Lena Appel, Edna Hauck, Alice Vincent, Thelma Ricker, Dorothy Bernitt, Christine Selby, Dorothy Eck, Lena Hauck, Dorothy Kinser, Helen Dillon, Ruth Streich, Helen Haldeman, Marjorie Ricker, Mrs. J. OBITUARY

W. I. Campbell of Lombardsville, aged 65 years, died at his home at 8 o'clock last night, due to a long illness with diabetes.

In addition to his faithful wife, Mrs. Sarah Campbell, the deceased leaves the following children at home, Otto, Emma, William, Vada, Walter and Bessie. The family moved to Lombardsville two years ago from Virginia.

Funeral services will be held Wednesday afternoon at two o'clock with interment in the Garvin cemetery near Henley.

Thomas Earl Brand, Jr. Mr. and Mrs. Thomas Brand of 820 Eighth street received word this morning of the death of their small grand son, Thomas Earl Brand, Junior, infant son of Mr. and Mrs. Thomas Earl Brand of Columbus, who passed away last night at nine o'clock after a short illness with complications. The child was born June 20th, last and was two months old.

The young parents have the sympathy of their friends in this city in their sad bereavement. Mrs. Clem Switabaki, aunt of the baby and her daughter Harriet will go to Columbus to attend the funeral which will be held tomorrow afternoon from the Brand home.

A wedding that will come as a surprise to many friends is that of Miss Katherine Rice and Mr. Bernard Estep, which was solemnized Saturday at high noon at the home of Rev. Gerald Culbertson, pastor of the First Christian church. Mrs. Estep is the only daughter of Mr. and Mrs. James Rice of 730 Sereniti street, and has been employed as cashier at the Arena Theatre for the past two years. Mr. Estep is the only son of Mrs. George Estep, 1130 Ninth street, and holds a responsible position with the Portsmouth Ventilating Company. Mr. and Mrs. Estep will make their home for the present with his mother.

Marshal Says He Gave Room To Players; Diamond, Gun Stolen; Recovered Here

Behind the recent visit of a Portsmouth ball team to the village of Seaman there is a story. It appears that W. W. Dart, the village marshal in addition to looking after the peace and quiet of the town, conducts a restaurant, where the visiting ball players were quartered during their stay there. The marshal, so the story goes, obligingly allowed the ball tossers to use his private apartment over the restaurant, as a dressing room and all went well until next day when Dart discovered that he had been robbed of several articles of jewelry, including a diamond stick pin and even his revolver was missing.

The officer immediately came to Portsmouth on a hunt for his valuables and with the aid of the local police traced his property and recovered all of it except a small amount of money which other members of the team not implicated in the theft, promised to make good.

Pension Checks To Come Monthly

There is joy among the survivors of the Civil War and widows of Civil War veterans. Beginning October 4 next, they will receive their pension checks monthly instead of quarterly. The last quarterly check was received September 4.

This is good news to every body, and especially to the veterans of the conflict of '61-'65. J. J. Davidson, head of Valley Post, G. A. R. of this city, said Tuesday.

New Sidings On C. & O.
Will Cost Half Million

The Ashland Independent Monday said:

Engineers and workers for Pitts & Morris, railroad contractors of Roscoe, Va., today began hauling on special trains material, derricks, shovels and other machinery for the building of new sidings and the scrapping away of more earth on the Big Sandy division of the Chesapeake & Ohio. It was announced by J. B. Harris, superintendent of the division.

Mr. Harris told the Independent the work will cost approximately \$500,000 and will require about a year to complete. The actual construction work will begin as soon as the machinery and materials have been placed.

The improvements include passing sidings and extensions of passing sidings at Hampton City, Lockwood (where the grade will have to be cut to permit the laying of a new track), Catalpa, Wallbridge, Richardson, Kite Bobbs, Beaver Creek, Wagner, Marrowbone and Bosco.

The first work will be done at Catalpa and Wagner, Mr. Harris said.

The improvements will materially increase the ability of the division to handle a greatly increased tonnage. The contracts were let a few days ago.

To Play in Waverly

The Peebles Tigers, one of the strongest baseball teams in Southern Ohio play in Waverly next Sunday.

SOCIETY.

Rev. and Mrs. Merl C. Winn and two children, who have been the guests of Mr. and Mrs. W. W. Gates of Galia street for the past few days, left this afternoon for Philadelphia, where they will visit relatives previous to spending the winter in Princeton, N. J., where Rev. Winn will take post-graduate work at Princeton University.

Rev. and Mrs. Winn visited in Portsmouth six years ago on their honeymoon, and just previous to leaving for Japan to start their missionary work. They made many friends at that time, who were glad to welcome them again on this visit. Both Rev. Winn and Mrs. Winn come from missionary families, the parents on both sides having been in foreign fields.

All the ladies taking part in the Biggs House Ball to be given in connection with the Pageant are asked to meet on the third floor of Marting's store any afternoon and someone will be there to help them make their costumes. The tissue paper for the dresses has arrived and those taking part should plan to make their costumes as soon as convenient.

The Ladies' Aid Society of the First Evangelical church will hold their regular monthly coffee social Wednesday afternoon from two until five o'clock in the basement of the church. All members of the congregation and their friends are cordially invited to attend.

Beat Cardinals

Waverly, Sept. 12.—The Waverly Pirates defeated the Portsmouth Cardinals Sunday at Amusement Park by the score of 10 to 5. Errors on the part of the Cardinals allowed the Pirates to walk away with the contest. Bauers leaping one handed catch of a line drive off Henken's bat was a feature. The Peebles Tigers appear next Sunday on Waverly diamond.

Richards Matched

TOLEDO, O., Sept. 12.—Blockie Richards, Dayton, has been matched to meet Eddie Ketchel, of Toledo in a twelve round bout here Monday, September 18, it was announced today.

To Arrive Wednesday

Mr. and Mrs. Otto Matter (Lillian Wamsley) will arrive home Wednesday from their honeymoon trip through Ohio by motor.

A "Joy Forever" This
ALCAZAR Gas Range
is, Indeed!

IDEAL is this range in the home lover's kitchen. And its simplicity, its beauty, are a "joy forever"!

All porcelain enameled makes cleaning the matter of a moment.

BIG FEATURES OTHERWISE:

Oven-Fine System insures perfect baking.

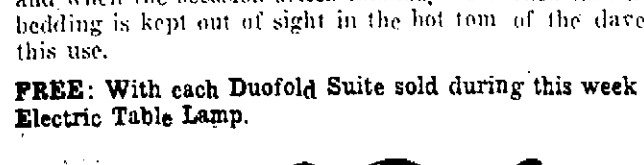

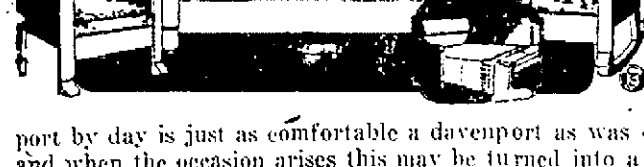

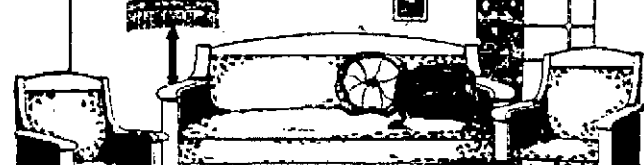

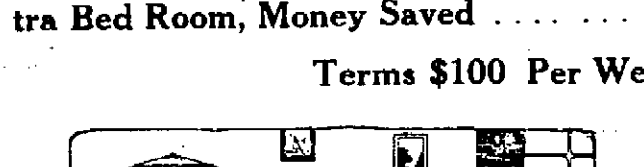

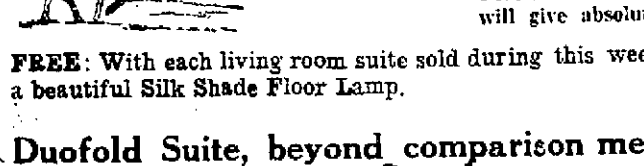

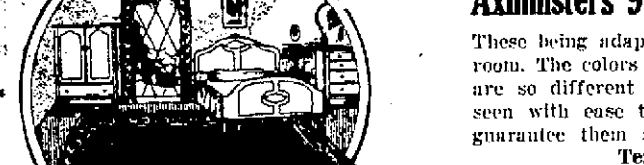

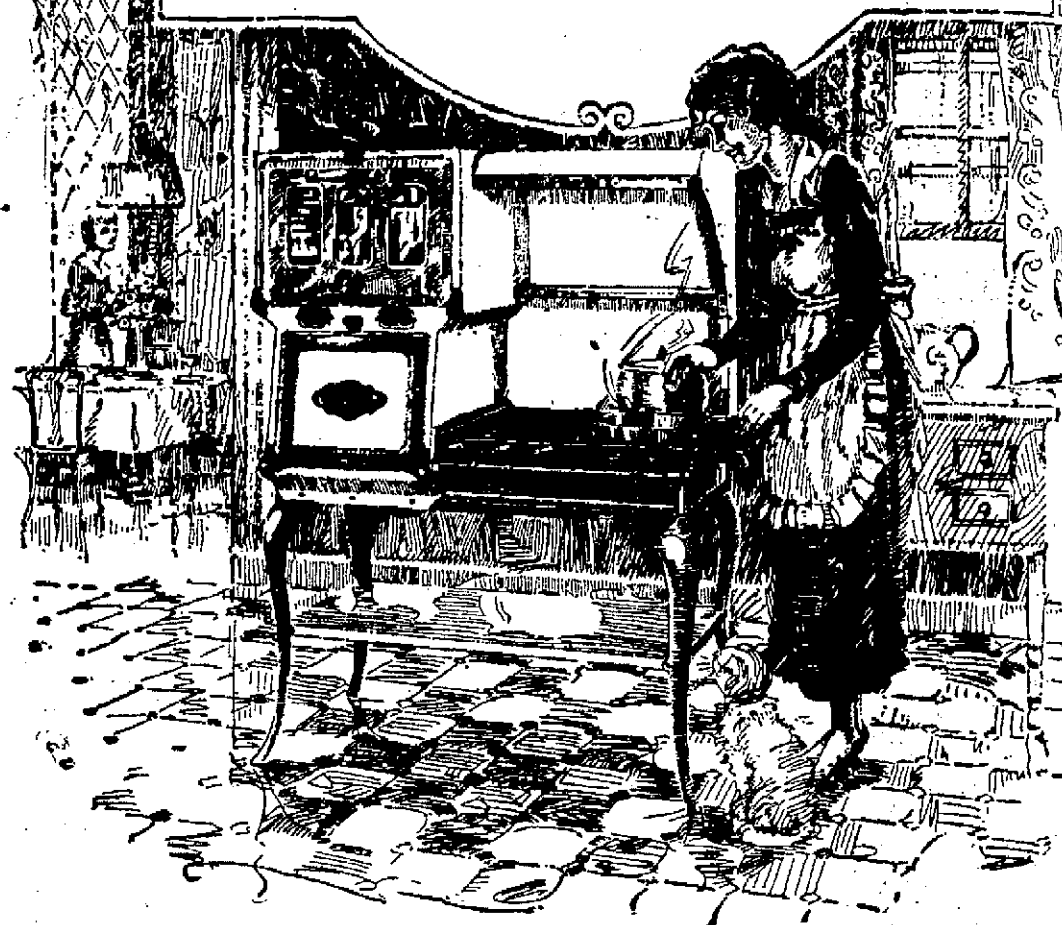

ALCAZAR Spiral Spoke Burners heat the largest vessel, skillet or griddle, evenly, over entire surface. Cost for fuel less because of the conical shape of jets insuring just the right mixture of air for each individual flame.

GAS COCKS are the simplest, yet most efficient. Turning adjusting sleeve of cap to right or left in connection with air mixer on burner increases or decreases gas flow so as to obtain perfect combustion.

There are many other points that add immeasurably to the Alcazar Gas Range's charm and usefulness.

We are sure you will be delighted with an ALCAZAR GAS RANGE. Accept this as a cordial invitation to call and have us demonstrate its great merit. Our payment plan points the way to immediate possession.

Dear Dolly—Are children compelled to go to school in unsanitary school buildings that have been condemned? Is any one allowed to make wine for sickness?

LAWRENCE COUNTY READER.

Buildings that are condemned should be razed or repaired. Why don't the mothers of the children get together and demand a sanitary school building? Have a committee call on the school board first, and if they don't do something, notify the county superintendent, or the state superintendent of public instruction. You are not allowed to make any kind of a drink that contains more than one-half of one per cent alcohol. If people were allowed to make wine for sickness, everybody would be getting sick, or at least sick enough to take a drink.

Dear Miss Wise—I would like to know something about the law in regard to speeding. How fast speeds are allowed to drive and the penalty for violation of the law. I know we have such a law on the statute books, but you would never think we had, to see some of the joy-riders going up and down the streets of Portsmouth and on our public highways, especially Scioto Trail from here to Lucasville. If we have such a law, why isn't there some one in authority to enforce the law? It is not safe for careful drivers or anyone else to go out auto riding any more. If the automobile dealers would get busy and do something along this line they would sell more automobiles. Lots of people would buy machines only they are afraid to drive, lest some reckless driver runs into them.

SANE DRIVER.

The law says that whoever operates a motor vehicle or motorcycle on the public roads or highways at a speed greater than reasonable or proper, having regard for width, traffic, use and the general and usual rules of such road or highway, or so as to endanger the property, life or limb of any person, shall be fined not more than twenty-five dollars, and for a second offense shall be fined not less than \$25, nor more than \$100. A rate of speed greater than 35 miles an hour in the business or closely built-up portions of a municipality or more than 20 miles an hour in other portions thereof, or more than 30 miles an hour outside of a municipality shall be presumptive evidence of a rate of speed greater than is reasonable and proper.

Dear Dolly—Here is another recipe for pickles made with cold vinegar. It is a little different from the ones you have published recently. Wash the pickles and wipe dry. Pack in glass jars and cover with the following mixture, one gallon of vinegar, one cup mustard, one cup of sugar and one scant cup of salt. Add to this about fifteen cents worth of saffron. Mix all together and pour over the pickles. They will be just fine and will keep indefinitely.

PICKLE EATER.

Dear Dolly—Can a person who was injured five years ago collect any damages from the state for the injury, said injury being received in the lawful pursuit of his work? The man in question was off several weeks because of an injury and he did not receive a thing. People tell him he was foolish not to apply for damages. He was so green he did not know any better, and no one told him how to go about it. Please give some information about this matter.

WANT TO KNOW.

You should have written me about this several years ago. In all cases of injury or death, claims for compensation shall be forever barred, unless, within two years after the injury or death, application shall have been made to the Industrial Commission of Ohio, or to the employer, in the event such employer has elected to pay compensation direct.

Dear Dolly—Will you please print in the paper a recipe for sweet mixed pickles and sour pickles, (whole) spiced apples and stuffed mangoes.

SEPTEMBER BRIDE.

Sour Pickles—Fill quart jars full of cucumbers, add enough vinegar to cover pickles, add one tablespoon of alum, two or three small pieces of horseradish, one tablespoon of sugar. Heat and pour over pickles, and heat again until they are hot, then seal. Will keep for years if you don't eat them.

Spiced Apples—Take two dozen

The following from Monday's Columbus Dispatch will be read with interest as Miss Parrett was formerly connected with the reportorial staff of the Times.

"Monday noon, Miss Margaret Ruth Parrett and Mr. Boniface Franklin Wilson were united in marriage by the Rev. Hamilton B. Williams, pastor of the First Presbyterian church of Worthington, Ohio. The ceremony was in the apartment of the bride's brother and sister-in-law, Dr. and Mrs. Ernest Milton Parrett, of the Seneca hotel, and only relatives and a few close friends were present. A wedding breakfast at the Marumor followed. The bride and bridegroom left in the afternoon for Mackinac Island and the Snow Islands and after October 1, will be at home at 242 Twelfth avenue. The bride is editor of the woman's page of the Ohio State Journal. Mr. Wilson is connected with the Columbus branch of the Associated Press. He served overseas a year during the World War, in the army signal corps, having been stationed at Tours."

A very pleasant surprise was given Mr. T. W. Hunsicker when a number of friends gathered at his home west of Myer Sunday, September 10th, honoring his 70th birthday anniversary. Those present were Mr. and Mrs. T. W. Hunsicker and son William; Mr. and Mrs. C. J. Atkinson, daughters Alice and Mary Louise; Mr. and Mrs. D. S. Roy and son Glendon; Mr. and Mrs. H. E. Walsh and sons Roy, David and Walter; Mr. H. C. Manning and children, Harry, David and Mary; Mr. and Mrs. W. B. Henderson and children, Johnnie and Mildred; Mr. and Mrs. Herman Nichols and children, Ray, Edith and Ethel; Mr. and Mrs. E. J. Sweeney and children, Mae, Charles and Harry; Mr. and Mrs. L. Rawlins and children, Lester, Bernice and Helen; Rev. Cassidy, Mrs. Refina Mincks, Mrs. Lottie Doles, Mr. Harry Rawlins and children, Gracielle and Wilson, of Frankfurt.

Mr. and Mrs. Claude Moore and family of the West Side spent Sunday with relatives in Rome, Adams county.

Mr. and Mrs. William Kenniger of Ironton and Mrs. H. P. Mulder of this city have returned from Mayville, Ky., where they spent a few days with Mr. and Mrs. J. H. Staker. While there they motored to the birthplace of the late President, Abraham Lincoln.

The members of the White Shrine Club have postponed their meeting, scheduled for this week, until October 5th. Further notice of the meeting will be given later.

Mrs. A. T. B. Somerville and mother, Mrs. Gray, who have been spending the past several weeks at Mineral Springs, Adams county, have returned to their home in Ashland, Ky.

MARRIAGE A LA MODE

The marriage tie is binding. Indeed among the Shawnee Indians. When a woman loses her husband she is supposed to marry his brother or nearest of kin after a conventional period of widowhood. If she dies first he is expected to marry her sister or some member of her family. The children take the name of the mother.

The Joy

Of watching film-coats disappear from teeth

If you don't know these facts as yet, send now for this free test.

All the world over careful people are brushing teeth in a new way. Millions of them in America alone. You see the results in prettier teeth wherever you look today. Now let your own teeth show them.

Combat the film

Your teeth are coated with a viscous film. You can feel it now. It clings to teeth, enters crevices and stays. No ordinary tooth paste can effectively combat it.

Film absorbs stains, making the teeth look dingy. It then forms cloudy coats. Tartar is based on film. It holds food substance which ferments and forms acid. It holds the acid in contact with the teeth to cause decay.

Germs breed by millions in it. They, with tartar, are the chief cause of pyorrhea. All of these troubles were constantly increasing under old brushing methods.

Then this came

Dental science then began a search for film combatants. Eventually two were found. One acts to curdle film, one to remove it, and without any harmful scouring.

Able authorities prove these methods effective. Then dentists everywhere began to advise their use.

A new-type tooth paste was created, based on modern research. The name is Pepsodent. In that modern tooth paste are embodied those two great film combatants.

Two other effects

Pepsodent brings two other effects which research proves essential. It multiplies the alkalinity of the saliva. That is there to constantly neutralize the acids which cause decay.

It multiplies the starch digestant in the saliva. That is there to digest starch deposits on teeth which may otherwise ferment and form acids. Thus Pepsodent, twice daily, gives manifold power to Nature's great tooth-protecting agents in the mouth.

What it means to a child

Pepsodent brings a new era in teeth cleaning. It means that children need not suffer what you may have suffered from your teeth. It means that boys and girls, as they grow up, need not have dingy teeth.

Do this

Send the coupon for a 10-Day Tube. Note how clean the teeth feel after using. Mark the absence of the viscous film. See how teeth whiten as the film-coats disappear.

One week will bring to you and yours a new idea of what clean teeth mean. Cut out coupon now.

MRS. LULA VANN FULTON, ARK.

Suggests to Suffering Women the Road to Health

Fulton, Arkansas.—"I used Lydia E. Pinkham's Vegetable Compound for a soreness in my side. I would suffer so badly every month from my wait down that I could not be on my feet half the time. I was not able to do my work without help. I saw your Vegetable Compound advertised in a newspaper and gave it a fair trial. Now I am able to do my work and don't even have a backache every month. I cannot praise your Vegetable Compound enough and highly recommend it to those who have troubles like mine. I am willing for these facts to be used as a testimonial to lead all who suffer with female troubles, as I did, to the right road to health."—MRS. LULA VANN, Box 43, Fulton, Arkansas.

It is this sort of praise of Lydia E. Pinkham's Vegetable Compound, given by word of mouth and by letter, one woman to another, that should cause you to consider taking this well-known medicine, if you are troubled with such symptoms as painful periods, weak, nervous feelings, miserable pains in your back, and cannot work at certain times.

Adventures Of The Twins

BY OLIVE ROBERTS BARTON

THE Twins met Rubadub, the fairy-man, and told him what had happened.

"We went to see the wizard of the Dingle Dell just as you advised," said Nick, "but we've only had bad luck."

"Bad luck!" exclaimed Rubadub. "How's that?"

"Well, we did just what he told us when we asked him how we could get the Fairy Queen's wand back, but every time we did what he told us we got into trouble. Once we got into a thistle-patch and had to be saved by the thistle-patch fairy; once we got into a deep mud-puddle and had to be saved by the Brownies, and once we were dropped into the ocean and had to be saved by a whale!"

"Jemima's monkey-gout!" exclaimed Rubadub. "That's just awful and too bad as well! I believe that Flap-Doodle is to blame for everything."

Suddenly they heard a laugh that seemed to come from the branches of a tree right over their heads.

And looking up, didn't they see Flap-Doodle himself grinning down at them?

"Ha, ha!" laughed the silly fellow. "Yes, I did it all. I heard you say you were going to get the wizard of the Dingle Dell to help you, so I made myself into a wizard and when you came along you never knew the difference."

"I still have the Fairy Queen's wand, and I mean to keep it!"

So saying, Flap-Doodle waved the wand before their very eyes, and, flapping his ears, flew straight up into the sky where he liked to stay.

"Well, well," declared Rubadub, shaking his head. "You'll have to go after him again, my dears. He's gone in the direction of the Beany Glenn Star, and taken the wand with him."

No Trouble To Keep Skin Free From Hairs

(The Modern Beauty)

There is no need for any woman to countenance superfluous hairs, because with a paste made by mixing some powdered delectable with water it is easy to get rid of them. The paste is applied for 2 to 3 minutes, then rubbed off and the skin washed. This treatment will rid the skin of hair without leaving a blemish, but care should be taken (since that you got real delectable. Mix fresh as wanted.—Advertisement)

The same precincts in 1920 when the vote was the heaviest on record, gave for governor, Parkhurst, (Republican) 133,313; McEntire, (Democrat) 125,225. The missing precincts cast less than 3,000 votes in 1920, when the Republican plurality for governor was 65,340. Latest returns on the congressional vote show majorities for the four present representatives, all Republicans.

Governor Baxter said the majorities given the Republican candidates were "entirely satisfactory." Mr. Patterson said returns which he had compiled, showed the Democrats had increased their membership in legislature from 15 to 40 or 50 in the house and from no senators to three, one woman, Mrs. Dora B. Plunkham, Republican, was elected to the state house of representatives.

The women went to the polls in large numbers, but the men were far behind that of 1920. The total vote was about 30,000 less than that of two years ago, the Republicans losing about 33,000 and the Democrats gaining 5,000. The Republicans carried 16 of the 20 cities, including Portland, and every county.

Republicans Claim Endorsement
WASHINGTON, Sept. 12.—(By the Associated Press)—The Maine election was hailed by John T. Adams, chairman of the Republican national committee, in a formal statement today as "an endorsement of the Republican administration at Washington."

"The result shows the Maine electorate is fully aware of the mess in which the Democratic party left public affairs," said Chairman Adams. "It is convinced that the Republican party is the right party to clean up this mess and is satisfied with the progress which is being made. The November elections will disclose the fact that the results in Maine are a fair indication of sentiment throughout the country."

"United States Senator Hale and all the Republican representatives," the Republican chairman further said, "are re-elected to help constitute a Republican majority in congress for two more years for the purpose of continuing the work so well begun, of getting the nation back to normal conditions. The majority given the Republican candidates for governor, United States senator and congress are the greatest ever given Republican state and congressional tickets in Maine for 20 years with the exception of the landslide in 1920. Even after making all allowances for the natural increase in the total vote due to the

enfranchisement of women, the majorities are exceptional."

CHICAGO, Sept. 12.—(By the Associated Press)—Primaries in eight states today include four in which contests for the nominations for United States senator are expected to indicate to some extent the trend of public opinion on national political principles.

Massachusetts, Michigan, Washington and Vermont today are to choose senatorial candidates, with, in the first three states, vigorous opposition to the present incumbent expressed by opposing candidates.

Senator Poinsett, of Washington, has five opponents, one a woman, who has received endorsement of some labor organizations.

Senator Townsend, of Michigan, has two opponents, who have attacked him for his defense of his colleague, Senator Newberry. Senator Lodge, of Massachusetts, has done but little speech-making in his campaign, while his opponent Joseph Walker, has stumped the state vigorously. Four Democrats seek that senatorial nomination.

Two southern states have Democratic primaries. In South Carolina, former Governor Cole D. Blease and Thomas G. McLeod are opponents in the principal contest for the gubernatorial nomination. In Louisiana one congressman and several state judicial officers are to be nominated.

Colorado and Arizona nominate state tickets with a number of congressmen. Senator Ashurst, of Arizona, is unopposed for the Democratic nomination and no Republican has been named to oppose him in November.

Michigan Votes Today
DETROIT, Mich., Sept. 12.—(By the Associated Press)—The fortunes of United States Senator Charles E. Townsend held chief interest in Michigan's political arena today. The senator was seeking re-nomination in a primary that will be recorded as one of the hardest fought political battles in the state's history.

With Senator Townsend opposed by three Republicans who centered their campaign fire on his support of Senator Truman H. Newberry, the primary was regarded by a great number of voters as a verdict to be rendered by the electorate on the action of the senate in seating the junior member from Michigan.

Congressman Patrick H. Kelley, of Lansing; State Senator Herbert F. Baker, of Woodstock, and Major John G. Ewery, of Grand Rapids, former national commander of the American Legion, were Senator Townsend's opponents.

In the Democratic primary there was no contest for the senatorial nomination, that party having agreed upon Woodbridge N. Forris, of Big Rapids, a former governor.

The gubernatorial race "brought contests on both the Democratic and Republican tickets. James Black, former mayor of Kalamazoo, and Alva M. Cummins, of Lansing, were the Democratic candidates, while on the Republican side Governor Alex J. Groesbeck was opposed by Richard H. Fletcher, of Bay City, former labor commissioner, and Theodore M. Joelin, of Adrian.

Lodge Has Fight On
BOSTON, Sept. 12.—(By the Associated Press)—A campaign which has been marked by much bitterness in both parties, reached its conclusion in the state primary today.

Of paramount interest was the contest between Senator Lodge, seeking re-nomination by the Republicans, Joseph Walker, former speaker of the state house. Mr. Walker formerly was aligned with the progressive party and has criticized Mr. Lodge's record in the senate.

Speaker Frederick H. Gillett was the only Republican congressman from this state to meet opposition in the primary. His opponent was Wm. H. Feikner, former mayor of Northampton.

Governor Channing H. Cox, Republican, seeking nomination for a second term, was opposed by Attorney General J. Weston Allen.

The Democrats had four-cornered contests for the nominations for governor and senator. Candidates were for Governor: Joseph B. Ely, of Westfield; John Fitzgerald, former mayor of Boston; Eugene N. Foss, of Boston, former governor, and Peter F. Sullivan, mayor of Worcester.

For senator, Wm. A. Gaston, Boston banker; Dallas Lore Sharp, college professor and author; John Jackson Walsh, former state senator, and Sherman L. Whipple, Boston attorney.

Lodge Has Fight On
BOSTON, Sept. 12.—(By the Associated Press)—A campaign which has been marked by much bitterness in both parties, reached its conclusion in the state primary today.

Of paramount interest was the contest between Senator Lodge, seeking re-nomination by the Republicans, Joseph Walker, former speaker of the state house. Mr. Walker formerly was aligned with the progressive party and has criticized Mr. Lodge's record in the senate.

Lutheran Mission News

The Mission Festival services Sunday were well attended, both in the forenoon and afternoon. Many people coming from Powellsville, some from Ironton and Cincinnati.

The offering of \$100 was realized.

Dr. Edward Pfeiffer, as announced, gave a very interesting sermon on Psalm 96. His theme was "What Has God Wrought?"

In his sermon Dr. Pfeiffer gave the Mission an estimate of the growth and activity of the first Synod of Ohio. This Synod was founded in 1818 with 12 pastors and twice as many congregations. Up until 1884, the growth was small. In that year the Home Mission Board was organized. Since that time 600 missions have been established, and 900 of those have become self-supporting. During the past two years 22 pastors, upon graduating from the seminary, have entered the home mission field. New missions are being organized and the Synod is confronted with the task of supplying pastors. Another task is to give aid financially to newly established missions. However, it can be said that it has been able to do that to a good degree. The Synod has congregations in 23 states, Canada, South America, Australia and India.

The combined church property value exceeds ten million dollars, and that does not include institutions of learning or of mercy. At present there are 900 pastors and over 1,000 congregations, which make up the Joint Synod of Ohio.

To finance home mission work takes one hundred and twenty-five thousand dollars a year. Besides this, other activities take upward of a hundred thousand dollars a year. The Synod maintains two seminaries, two colleges, four academies, one normal school and four institutions of mercy.

In giving us these figures which show the growth of Joint Synod, Dr. Pfeiffer called attention to the fact that it was not the labor of man who had accomplished this, but it was God who had wrought such things. He especially emphasized the fact that it was necessary for a newly organized mission to acquaint itself with the larger work of the Synod to preach Christ's salvation to the heathen, and to support that work financially if possible. The spiritual life of any church depends upon the word of God, and if that word fails to arouse the members to the great work of evangelizing the world, then the trouble lies with the church itself. A congregation which confines its efforts only for itself will

soon become stagnant. He illustrated this point by the example of two farmers, the one stored the seed away in order that he would lose none of it; he became no richer, but became poorer; the other scattered the seed over the ground and reaped a harvest and became enriched. Our view of mission work should extend beyond our own immediate surroundings. We should have the vision Christ had: "Preach the Gospel to all nations."

In the afternoon Dr. Pfeiffer gave a short address on the Mission Work in India. This field is but ten years old, but due to the late war, only one missionary was able to labor there. Since the war 15 additional missionaries have been sent.

The Women's Missionary Conference, composed of all the women of the Joint Synod, is planning to erect a hospital in India. Funds are being collected.

Rev. L. L. Locher chose for his text, Isaiah 29, 17-19, and his theme was "The Great Medical Missionary." He pointed out how the prophecies concerning Christ, the Great Medical Missionary were fulfilled. When the Great Medical Missionary should come among men and His word preached to them, forests would become fertile and fruitful fields. However that fruitful fields would again become like a forest. His application was that in the great work of missions many old congregations would become like forests again; they would become sluggish, the mission spirit would die. The new mission fields would be the fruitful fields where the forests had been cleared.

Rev. Locher cited where old congregations disbanded because there was contention, disharmony and strife among its members, while that condition is not found in mission churches. He also cited instances where old congregations were revived due to new missions, which were started in the near vicinity.

It was announced that a call had been extended to Rev. Felix Mittermaier, of Versailles, Ohio, to take charge of the Lutheran Mission here in Portsmouth. It has been the hope of the mission to secure a resident pastor under whose guidance they hope to become well established. The present student pastor, E. A. Kahle, will be with the mission for one more Sunday. He will leave the 18th of Sept. to resume his studies at school. However services will be held every Sunday at the same hours and at the same place until the new resident pastor arrives. Theological students of Columbus will conduct these services.

Committees were named and plans were formulated for the fall campaign by the Republican Executive Committee at a meeting held Monday night in the rooms of the Scioto County Republican Club in the Masonic Temple.

Chairman Edward L. Cunningham presided over the session, and he appointed the committees which were approved by the executive body.

Arrangements were completed for a joint meeting of the executive and central committees for next Saturday afternoon. The meeting, which will be held in the club rooms, will be preceded by a dinner at twelve o'clock. The place for giving the dinner has not been decided upon but will be announced later.

Below is the personnel of the committees appointed:

Publicity: W. L. Dickey, S. D. Eckhart, Jos. T. Micklethwait, W. W. Applegate and Ralph Marting.

Finance: Henry T. Bangin, chairman; F. V. Kanouse, Frank Stanton, H. W. Miller and Marvin C. Clark.

Writes About Conditions In Germany

Rev. H. Stewart Tillis, pastor of the First Baptist church is in receipt of an interesting letter from O. R. Palmer, of Philadelphia, who left several months ago for Russia, as a member of the American Relief commission. Mr. Palmer and Rev. Tillis were friends while the latter was located in Philadelphia. The letter was written from Berlin, Germany

and in regard to conditions there. Mr. Palmer says: "Last Saturday we received 3185 marks for a ten dollar American Express check. Our room in a very good hotel costs us about a dollar each; a good dinner with excellent service 30 or 35 cents. There would be a good place to buy, but difficult to take goods out of the country. The frame on one side of my glasses came off and I took it to a place for repairs, and the charge was two marks or two-thirds of a cent. A skilled workman at 150

marks a week, would have the equivalent of fifty cents in American money. The man who entertained us yesterday, a member of the Friends Service commission here, said to take himself and his wife to America for a visit to her people, counting \$200 each way would take all of his salary for four years. Two of the Ex-Kaiser's sons are located here—one taking a course of agriculture at the Berlin University, and the other one holds a secretarial position in a bank."

YOU MUST HAVE A MAIL BOX

Postmaster Vallee Harold stated yesterday, that according to orders received from the Postoffice Department at Washington, the persons who have no mail boxes on their houses may be denied mail delivery service, after the first of October. All residences must be provided with receptacles if the owners wish their mail delivered to them.

Mr. Harold said that the receptacle

requirement rule was pretty generally complied with in this city and that there is not more than five per cent of the dwelling places in Portsmouth where the rule is disregarded.

Mr. Harold urges all those who have not mail boxes to secure them at once in order that Portsmouth may be a one hundred per cent city in this respect.

Missionary Honor Guest At Banquet

Honoring Rev. Merle Winn missionary representative of the Second Presbyterian Church stationed at Kanawha, Japan, the men of the church entertained informally at the Mary Louise last night.

G. E. Carlyle, president of the Men's Bible Class, was the toastmaster, and Rev. Mr. Winn was the principal speaker, telling an interesting story of his experiences in Japan.

About 100 men attended the dinner, and the fellowship was interesting and helpful to all who attended.

Rev. Winn is enjoying a year's furlough and will go to Princeton,

N. J., where he will spend the year studying in Princeton Theological Seminary. He is accompanied by Mrs. Winn and their two children.

Mr. Winn was the speaker at both services Sunday, preaching in the morning and giving the communion talk in the evening. He also spoke at the Sunday School and Christian Endeavor services.

Traction Car And Big Truck Collide

A big motor truck owned by The Tri-State Freight Company was badly damaged and three men were injured Monday in a collision which occurred at a crossing just east of Haverhill, with an Ohio Valley Traction car.

The two-ton Mack truck loaded with grocery provisions bound for Huntington was driven by Ben Kelly, of 317 Front street, and he was accompanied by James Holladay, an employee, while the traction car, west-bound, was in charge of Motor-man G. E. Hickey, of New Boston. The latter was out about the face by being glass from the car vestibule, which was smashed, but Kelly escaped unhurt and Holladay jumped before the crash and he was unhurt.

It was estimated that the motor truck was damaged to the extent of about \$1,000.

Mr. Kelly stated Tuesday that he failed to see the traction car in time to prevent the accident.

Rodolph Valentino and Lila Lee in a scene from the Paramount Picture, "Blood and Sand"

Rodolph Valentino in "Blood and Sand" Delighted Capacity Crowds at the Columbia Yesterday, Afternoon and Evening. It will be the Big Attraction the Balance of this Week.

With an suggestion of clicking castanets, murmuring guitars, sullen clank of cymbals and flaming red and gold costumes, "Blood and Sand," screen transcription of the Ibanez love drama of Spain, began a week's engagement at the Columbia yesterday, with packed houses the greater part of the evening. It is hardly likely that, of the thousands who paid admission to see the popular Rodolph Valentino in his latest colorful drama, there was one who was disappointed in the offering. The picture is, in fact, the greatest triumph of Valentino's career before the camera and one of the most beautiful pictures in the history of the screen. It is a triumph not only for the Latin star, but also for Nita Naldi, the "Dona Sol" who lures him away from the wife he loves; for Lila Lee, who has given a portrayal of great femininity as "Carmen," the wife of "Juan Gallardo"—Valentino—but most of all for Fred Niblo, the director, who has shown marvelous ability in directing great masses of actors as well as the few who compose the thrilling scenes in boudoir and inn.

"Blood and Sand" is a fascinating story. It tells of the career of an idealized Spanish torero, shows his triumphal passing through the streets, his acclaim by the people surrounding the ring as he spears the bull and the tender love story that comes when he meets "Carmen." The turbulent motive of his love affair with "Dona Sol" brings the play to its highest dramatic peak. There was never a more convincing siren than this "Dona Sol." She has definitely placed Nita Naldi among the elect of picturedom.

Merchant Owes Life To Druesen-Kraft Gland Tonic

Rheumatism Wrecked His Health. Wasn't Able To Walk. Druesen-Kraft Gland Tablets Completely Restored His Vigor In Amazingly Short Time By Rebuilding His Glands!

The case of Mr. A. Andrews, a prominent member of the L. O. O. F., is one of the most amazing results of the remarkable results of Druesen-Kraft tablets in restoring health and vigor. Mr. Andrews is a prominent member of the L. O. O. F., and he was suffering from rheumatism and a partial paralysis of the left side. Years of treatment did no good and his condition became pitiful. The doctor finally advised Mr. Andrews to try the DRUESEN-KRAFT tablets which had just been brought from Europe. According to their signed statements, his health was completely restored after four months. The paralysis disappeared, he could walk freely, his stomach was sold in Portsmouth by Wurster Bros.

Scout News

A grand rally of all Portsmouth Boy Scouts will be held at the Scout Hall at the corner of Fifth and Court streets, Wednesday afternoon at Four P. M.

This is the second rally this week, the first being held on Monday afternoon. There were a great many Scouts present but not as many as were necessary to take care of all the business which is to be attended to.

The Scouts are going to have a great deal to do in connection with the Pageant and a full attendance is desired at the meeting on Wednesday afternoon as Scouts will be picked for the various positions.

Troop 12 of the Portsmouth Council Boy Scouts, of America, held their first meeting last night at the Bigelow M. E. Church under the direction of Scoutmaster L. E. Butler. There was almost a full attendance of the troop and things started off very nicely.

Matters of importance were taken care of after which the troop listened to a few words from Scout Executive Henderson. He said he was very much pleased with the way this troop has started and that it was sufficient evidence that there was a great future ahead for Scouting in Portsmouth.

The last half of the evening was very pleasantly spent in games and stunts.

Trains Are Annulled By The Big Four; Saving Equipment

CINCINNATI, O., Sept. 12.—(By the Associated Press)—Abandonment of nearly a score of trains of the Cleveland, Chicago, Cincinnati and St. Louis railroad, effective tomorrow, was announced here last night. Elimination of these trains was for the purpose of conserving equipment and motive power to facilitate the movement of coal. H. A. Worcester, vice president of the road, who was in St. Louis, stated in a telegram to Cincinnati officials of the company. Among the trains to be taken off are four on the Michigan division, four on the People's division and four on the Cincinnati Northern. On the St. Louis division numbers 2, 37 and 5 will be annulled and numbers 14 and 18 consolidated. On the Cincinnati, Cleveland division, numbers 4 and 6 between Galliton and Cincinnati are to be consolidated. Numbers 49 and 1 and numbers 48 and 10 between Springfield and Cincinnati may be consolidated, effective September 14. Definite announcement as to these trains will be made later, it was said.

Mail officials say these are the first regular trains of the Big Four to be taken from service since the strike was begun, July 1.

W.B. FORMU BAND

Fills a Long-Felt Want in My Lady's Wardrobe

A deftly combined bandeau and girdle with elastic sections over the hips, of soft-textured, clinging novelty cloth, the Formu-Band is most happily adapted for those moments of relaxation when the corset is temporarily laid aside,—while playing tennis or golf, for riding or lounging wear.

So lightly constructed one becomes unconscious of its wearing, yet affording just that restraint to remove the danger of spreading and sagging when the body is wholly unsupported. The Formu-Bands are washable.

WAISTLINES

Now that we have grown accus-
tomed to the longer skirts, fashion
authorities tell us to prepare for the
higher waistline. At present the
long waist is still excellent style, but
there is an indication that high gir-
dle effects may return.

COLORS

Cerise red sport hats are second
in popularity now only to those of
brilliant purple. In blues, there are
some very soft delicate tones as well
as the fashionable but trying blue-
green.

"CARS" WILL BRING DOWN COAL PRICES, SOLONS HEAR

COLUMBUS, O., Sept. 12.—(By
the Associated Press)—Cars, ac-
cording to E. M. Posten, Columbus,
president of the New York Coal Com-
pany, one of the largest operating
companies in the state, are the sole
solution to the present coal short-
age and incident high prices. If suf-
ficient cars are given the mines, the
country can be flooded with coal in a
very short time, he said, which would
result in bringing prices down.

Mr. Posten made these statements
before the joint judiciary committee
of the legislature today which is con-
sidering Governor Davis' bill to re-
gulate coal prices through a state fuel
administrator. He appeared, Mr.
Posten said, not in opposition to the
measure, but to give the legislature
facts which he said he thought it
should have.

Prior to the committee hearing a
bill making appropriations of \$147,-
000 for use of the fuel administrator,
both as operating expense and to sup-
ply a rotary fund had been intro-
duced in the house by Chairman Car-
penter of the finance committee and
referred to the committee on approp-
riations.

Mr. Posten asserted that while ap-
proximately 750,000,000 tons of coal
are mined in the United States an-
nually only about 500,000,000 tons
are required. He declared that the
mines are fifty per cent over manned.
He told of the restriction on ship-
ment of Ohio coal that it can only
be shipped north, whereas all other
producing states can ship in all di-
rections. There are no freight rates
made for coal other than in a north-
erly direction. He said the federal
government has only recently decreed
that sixty per cent of all coal mined
in Ohio must be shipped into the
northwest.

Admitting that conditions are ex-
tremely bad because of the car short-
age, Mr. Posten expressed his be-
lief that conditions will get worse
instead of better.

B. F. Nye, secretary of the Ohio
Indiana-Michigan Retail Coal Den-
tists' Association and a member of the
Ohio Fuel Administration during the
war also spoke on the measure.

N. & W. Injunction Case In U. S. Court Is Continued

Local Officials Testify In N. & W. Hearing Today

CINCINNATI, O., Sept. 12.—The hearing of the Norfolk and Western railroad's plea for an extension of the restraining order now in effect against striking rail shopmen at Portsmouth and New Boston, Ohio, was continued to next Monday in the U. S. district court here today. The postponement was granted to give the defense counsel time to obtain certain affidavits in Portsmouth.

(By E. L. Schusky) CINCINNATI, Sept. 12.—The defense had its opening Tuesday in the hearing before Judge J. W. Peck in the United States District Court on the petition of the Norfolk and Western railroad for a permanent restraining order against the striking carmen, counsel for the United Machinists of America pending their efforts to show that the federal injunction against the strikers at the railroad shops in Portsmouth is unnecessary and should be ended.

Mayor William N. Gableman, Municipal Judge H. Stanley McCall, Chief of Police Joe S. Diste, of Portsmouth, and Mayor William E. Newberry and Marshal William Conley, of New Boston and others were the principal witnesses called by the defense, all testifying that there had been no disorders at points under their jurisdiction to their knowledge.

At the opening of court Tuesday morning Attorney H. T. Bannan for the railroad offered 37 written affidavits of employees and others in support of the plaintiff's contention that the temporary restraining order had been violated and should be made permanent.

On the suggestion of Attorney Klein the reading of the affidavits was passed until later in order to permit the defense to submit its evidence in order that the witnesses might leave for their homes at the earliest time.

Mayor Called Mayor Gableman was the first witness called by the defense. He described Norfolk street as a busy thoroughfare and stated that he was unable to say personally whether there had been disorders there as all he had heard through his officers. He also stated that the matter of parking of autos there was handled by his officers. The mayor declared that the situation in Portsmouth was very satisfactory and declared there had been no trouble to his knowledge.

On cross examination the mayor admitted that he had made no personal visits to Norfolk street, but stated that he had received daily reports from Chief Diste on the strike situation. In answer to a query if people had congregated on Norfolk street the mayor said that the police had been ordered to keep the crowd moving and he was not required to answer whether any order had been issued to break up the crowd.

Word "Scab" Painted The witness said that he knew of one instance of the word "scab" being painted in front of a house and explained that in that one case the place so marked was occupied by a man in no way connected with the strike. He also asserted that he knew of no assaults or robberies or of night house employees being followed. The mayor also stated that to his knowledge no single arrest had been made as the result of trouble growing out of the strike or of following or blocking Norfolk street.

When asked if he knew that persons being benched to remain on Norfolk street was a violation of a city ordinance and that if he had not failed to the safety director about removing the benches, the mayor explained that the benches had been there for years—long before the strike—and in his opinion to remove them now would only make the feeling more intense, the mayor adding: "This position is only neutral and fair."

Made Daily Reports Mayor Gableman testified further that he was a personal friend of Mr. Weller and had told the latter to call on him any time but said that he had not heard from him until about 10 days ago when he received a letter asking for police protection

cerning the placing of pickets. He declared that only the number of pickets allowed had been placed and that they were ordered to use only peaceful persuasion. He asserted that the union had been congratulated by business men and Mr. N. and W. shop foreman on the quiet and gentlemanly manner the strike had been conducted and denied that any union committee had called upon business men to induce them not to sell supplies to the railroad or its present employees, but that a committee had asked that credit be extended to strikers.

The witness further claimed that there had been no destruction of railroad property and asserted that no threats had been made and that no strikers had been instructed to keep away from the places where pickets were stationed.

Attorney H. T. Bannan introduced a letter claimed to have been received by W. T. Bowers, present N. and W. employee, who did not go out on strike. The letter was in the form of a notice from the Electrical Union of which Bowers was a member, notifying him that he had been expelled from the organization and fined \$200.

When asked if he knew of letters of a similar nature having been sent out to other employees, Chase replied in the negative.

Attorney Bannan then followed with the introduction of some small hand bills or circulars which he claimed had been received through the mail by present employees and Chase denied that the Federation issued any such propaganda and that it was done without authority.

Chase did not know who was painting sidewalks, but said that an investigation in the organization showed that the strikers were not doing the painting. The witness gave it as his opinion such acts were a detriment to the union cause.

CINCINNATI, O., Sept. 11.—Before filing contempt proceedings in connection with alleged violations of federal injunction, especially in the cases involving the striking shopmen, the United States District Attorney will investigate the charges, not accepting the statements of the complainant on their face value, Federal Judge Peck ruled today.

Heretofore, the attorneys for the railroad had prepared the information and had been largely instrumental in the proceedings against striking shopmen. The ease upon which the ruling was made was on a charge of contempt of court for violation of an injunction against strikers on the Norfolk & Western railroad at Portsmouth, Ohio and was brought against four strikers.

(By E. L. Schusky) CINCINNATI, Sept. 11.—Judge Peck in Federal court, after hearing part of the evidence in the petition of the Norfolk and Western railroad for a permanent restraining order against the striking carmen, continued the case until tomorrow morning, (Tuesday) when the case will probably be concluded. The prosecution had practically completed their case this evening. Ernest Shoemaker, charged with contempt, entered his plea of not guilty, and his case was continued until next Monday, Sept. 18.

As the first witness for the railroad, Attorney Henry T. Bannan, its counsel, called Harry G. Weller, division superintendent.

In his testimony, Mr. Weller told the court that there has been "more or less picketing by former employees since July, although not as much as before the restraining order was issued."

"At one time," said Mr. Weller, "there were 212 men on Norfolk street. All were not former employees, however. I saw a large number of autos on Norfolk, Gallin and Walnut streets, as many as 42 at the south end of Norfolk street."

Mr. Bannan asked: "What effect did this congregation of men have on your employees?"

Mr. Klein objected, but was overruled.

Mr. Weller answered: "Some of the railroad's employees have gone through the Portsmouth Refractories Co.'s plant to avoid the crowd. Two of them were arrested and taken to jail. The others were released and went home."

Points To Mr. Chase "Machines with strikers have" followed machines containing employees," he said.

Mr. Bannan asked: "Can you point to anyone in the court room whom you have seen in such a machine following employees?"

Mr. Weller pointed to C. H. Chase, chairman of the Federated Crafts, and said he had something to say concerning the placing of pickets. He declared that only the number of pickets allowed had been placed and that they were ordered to use only peaceful persuasion. He asserted that the union had been congratulated by business men and Mr. N. and W. shop foreman on the quiet and gentlemanly manner the strike had been conducted and denied that any union committee had called upon business men to induce them not to sell supplies to the railroad or its present employees, but that a committee had asked that credit be extended to strikers.

special trip to Norfolk street to see "what was going on." He counted 43 men, he said, 12 of whom he recognized as former employees. On August 27, he said, he made another trip to Norfolk street, and saw 27 men, 12 of whom he recognized as former employees.

Mr. Weller told the court that he thought the crowds affected the work-lugmen.

One striker, he said, came to his office to see George Keller, a foreman in the shops about a job and then left before he saw Mr. Weller. Mr. Weller said he thought the man came to "see what was going on."

Housing 600 Employees "Another former employee worked one day," Mr. Weller said, "and then did not return. I believe he got work for the same purpose."

Mr. Weller said that the N. and W. was feeding and housing 600 employees at their shops in Portsmouth. When asked why the railroad was doing this, he said that they did not think it better for the men to mingle with the strikers.

In cross examination, Mr. Klein asked if there was not a pool room, three lunch rooms, a bench for men, and a Y. M. C. A. in the neighborhood where he saw the men standing about.

Mr. Weller replied that it was a place for men to congregate, but that there were more men there than usual; more than before the strike.

Mr. Klein asked if Mr. Weller could tell the machines of strikers from those of officials. Mr. Weller replied that he could not.

Asks About Rifles Mr. Klein asked if it were true that the railroad brought in 25 rifles.

Mr. Weller replied: "Not to my knowledge."

Mr. Klein then stated that a United States marshal had been in Portsmouth, and had seen them.

Mr. Weller said: "There are none there."

Mr. Klein asked: "How many of your employees carry firearms?"

Mr. Weller replied: "I do not know of any."

Mr. Klein: "Do you know of a colored man by the name of White being arrested for carrying a gun and being tried in municipal court?"

Mr. Weller: "I do not know of it."

Mr. Klein: "Do you know of three other employees of the railroad being arrested for carrying concealed weapons, 'knives,' 'holts,' etc.?"

Mr. Weller: "I do not."

Mr. Klein: "How many colored men have you working now?"

Mr. Weller: "About 200."

Mr. Klein: "Did Mr. Shaw go to the chief of police to get permission to use Norfolk street for parking autos?"

Mr. Weller: "I do not know."

Are You Using Guards Mr. Klein: "Are you using professional guards?"

Mr. Bannan objected to the question.

Judge Peck asked why such a question was necessary.

Mr. Klein said: "We mean to show that the plaintiff does not come into court with clean hands; that their men are causing the trouble."

Mr. Bannan's objection was sustained.

Mr. Klein, proceeding with the cross examination of Mr. Weller: "Does the N. and W. have a detective force?"

Mr. Weller: "No."

Mr. Klein: "Who does employ the detectives?"

Mr. Weller: "The Baldwin-Wallace Co."

Mr. Klein: "Who pays them, the railroad?"

Mr. Weller: "No."

Mr. Klein: "Did the police pursue a man into the premises of the railroad, and were stopped by guards?"

Mr. Bannan objected.

The objection was sustained.

Deductive examination was then conducted by Mr. Bannan.

Mr. Bannan: "How many machines are there parked near the Terminals in normal times?"

Mr. Weller: "Between eight and twelve."

Mr. Bannan: "How many are there now?"

Mr. Weller: "More than 32."

Mills Called Mr. Weller was excused and Park Mills, foreman, was the next witness.

He told that while he was returning from work on August 3, riding on a railroad motor car, as he passed under the viaduct, he and a party of men were stoned. The stones were as big as goose eggs, he said.

They stopped, he told the court, and went up to the viaduct to investigate. They found a group of boys from 12 to 14 in the crowd, standing on the viaduct, and four or five men standing near them. When they saw the boys, he and his fellows went away. Mr. Mills said.

B. F. Lewis was the next witness. Lewis had been an employee of the N.

THE MARKETS

NEW YORK STOCKS NEW YORK, Sept. 12.—Extensive buying of oil shares which registered gains of 1 to 2½ points imparted a firm tone to opening prices in today's stock market but irregularly developed later on the selling of shippings, chemical and oil shares. Standard Oil of New Jersey moved up 2½ points and producers and refiners were up 2 on wide spread dealings which accompanied reports of its possible absorption by one of the larger companies. Mexican Petroleum and its parent company, Pan-American were each up one point in response to an earnings statement which showed profits of \$35.43 a share on the common stock of Mexican Petroleum for 1922, as compared with \$17.50 in the six months ended June 30, 1921. Rail shares were virtually neglected. Marine preferred yielded 1½ on selling pressure and Atlantic Gulf and West Indies slipped back a half point. Continental Can receded 1½ points and American Can was fractionally lower. May Department stores established a new peak price.

Some of the recent speculative favorites showed evidence of profit taking as the morning progressed, but the main trend was distinctly upward. Speculative buying activity was confined largely to the oils, Mexican Petroleum extending its gain to 3 points, but equipments, food and clothing specialties an express shares were well bought at steadily rising prices. American Brake Shoe and Railway Steel Spring were pushed up to new high records while gains of 2 points or more were registered by American Express, Tobacco Products, "B", National Cloak and Suit, Hartman Corporation, Annet, Nichols preferred, National Biscuit, Iron Production and American Water Works six per cent preferred.

Call money opened at four per cent. Profit taking in some of the recent speculative issues and professional selling, together with renewed bullish demonstrations in special stocks resulted in a highly irregular stock market during most of today's session. Standard railway shares were sharply heavily followed, the sharp break in Chicago and Great Western, but there was a fairly sustained demand for equipments, express, oil, food and merchandising shares. Sales approximated 970,000 shares.

The closing was steady.

Chicago Grain And Provision CHICAGO, Sept. 12.—Although the wheat market showed a slight upward tendency at the market today, prices soon suffered a decline. The initial strength was ascribed to an unexpected advance in Liverpool quotations. Downturns later were associated with an official estimate that the yield of wheat in Canada this season was 388,733,000 bushels, the largest total since 1915.

Opening prices which varied from unchanged figures to ½¢ higher with Dec. 1.02½¢ and May 1.06½¢ to 1.07 were followed by a moderate setback all around.

The close was unsettled ½¢ to 1½¢ net lower with Dec. 1.00½¢ to 1.01 and May 1.06½¢ to 1.07.

Corn and oats duplicated the changes in wheat. After opening unchanged to ½¢ higher, Dec. 57½¢ to 57¾¢, the corn market underwent a slight general sag.

Oats started a shade off to ½¢ higher, Dec. 35½¢ to 35¾¢ and later eased down a little for all deliveries. Provisions were inclined to drop in the absence of any special demand. Prices closed unsettled at the same as yesterday's finish to ½¢ lower with Dec. 56½¢ to 56¾¢.

MISSING FROM WEST POINT TRINWAY, O., Sept. 12.—(By the Associated Press)—James Albert Cochran, aged 18, son of Mr. and Mrs. Robert C. Cochran, of this city, has been missing from West Point since September 7, according to information received by his parents.

Young Cochran was appointed to West Point about three months ago by Congressman C. Ellis Moore. No trace of him has been obtained since his sudden disappearance almost a week ago.

The youth is six feet tall and has black eyes and dark hair. He is well built and has a scar on the back of his right hand. He is a brother of Edward Cochran, publisher of the Dresden Transcript.

Child Is Given To Step Father

VANCEBURG, Ky., Sept. 12.—"Hold the ferry," shouted Sheriff Frank Lykens, as he rushed down the bank to an automobile which was waiting on the ferry boat ready to cross the Ohio here Monday. Lykens arrested the four colored men in the automobile and compelled them to drive back up the grade into town to Mayor John Mann's residence.

It here developed that one of the men was the step-father of the seven year old colored boy who they had in the automobile with them.

The boy's name is Lester Mullin. His mother, who died about a month ago, was several years ago granted a divorce and the custody of the child by Judge E. E. Corn of Ironton. She then married Oris Finley of Ironton, Ohio. When she died she gave the child to Finley, asking him to raise him with their other children.

A few days ago Mullin, who had returned here brought the boy to Lewis county, Ky., and left him with his maternal grand parents, Mr. and Mrs. Chas. Bivens. On consulting County Attorney John Strother it was decided that the step-father should be allowed to retain the child.

Hamden Wins

HAMDEN, O., Sept. 12.—The Hamden high school basketball team starting the opening week of school by defeating the McArthur high school team here by the score of 12 to 5. Woltz the Hamden pitcher was too strong for the up county boys, striking out 10. Score by innings:

McArthur 011 000 141—8
Hamden 013 202 22—12

Batteries: McArthur, Robbins and Worley; Hamden, Woltz and Wilbur.

Bugs Property.
GREENUP, Ky., Sept. 12.—Deputy Sheriff Ed Tinsley has purchased the home of W. D. Quillen on West Main street, which is occupied by Earl Kotcamp and family. The latter will move to the B. E. Downs property on Front street.

Thought He Was Cute

WAVERLY, Sept. 12.—Reckless driving on our public highways has about reached the limit. Sunday afternoon Joseph Ake and James Riley were walking out the Chillicothe pike in the vicinity of Hoffman's Lane when they were overtaken by a machine driven at a fast rate of speed and occupied by several men said to have been intoxicated. Although they had the whole road to themselves the driver swung over to the side, narrowly missing Riley and Ake. One occupant of the back seat tried to give Ake a playful tap with his hat but instead he struck him a painful blow on the shoulder, losing his hat while doing so.

IN DANGEROUS CONDITION

WELLSTON, Sept. 12.—Dr. C. A. Seurlock is in receipt of a communication from Dr. Harris of the staff of St. Francis hospital, Columbus, to which institution John Finnearty, who was injured while bathing at Little Raceoon dam was taken, confirmed his diagnosis in cases of that type and stated that nothing could be done only to make the patient as comfortable as possible, that those suffering from similar injury only lived from three to five days.

SECURE LICENSE

OAK HILL, Sept. 12.—Miss Nell Ward, 27, and Daniel W. Griffith, 24, both of Oak Hill, were granted a license to wed at Jackson. Mrs. Griffith was for several years a teacher in the local schools. Mr. Griffith is a son of Mr. and Mrs. Sam Griffith of Moriah.

OAK HILL CHANGES

OAK HILL, Sept. 12.—Miss Mary Jane Howell has moved into the home of her sister, Mrs. J. T. Hurbes and will make her future home there. She has rented her home opposite the Acton brick plant to Elizabeth Jones, who moved in Thursday. The house vacated by Miss Jones is the property of Mr. and Mrs. Robert Gillespie of Portsmouth, who will move here as soon as some improvements are made on the building. Mr. Gillespie is employed on the new school house now being constructed.

NEW BAKERY

OAK HILL, Sept. 12.—T. E. Ridge-way, baker, purchased brick garage on Railroad street, formerly occupied by the Perry brothers, and will convert it into an up-to-date bakery. This is an excellent location, just a few doors north of his present place of business. The building known as the old planing mill is also included in the deal.

LOCAL MAN HELD AT VANCEBURG

Vanceburg, Ky., Sept. 12.—Last night about six o'clock Sheriff Frank Lykens went to the farm of Lynn Love about four miles below town. He there arrested Mrs. Maud Adams of Quicks Run, Ky., and Arthur Lewis and Clarence Odle of 217 Front Street, Portsmouth.

Maud Adams drew \$27.50 in the police court for disorderly conduct. Lewis and Odle both drew \$108 each for drunkenness and disorderly conduct.

The Adams woman paid her fine, but the two young men are being held for want of bail.

New High School Planned For Greenup

GREENUP, Ky., Sept. 12.—The enrollment of high school pupils here will exceed 70, possibly the largest ever recorded. Owing to the crowded conditions the

County Board of Education and trustees of the Greenup Graded school district are making plans for a new high school building with up-to-date equipment for a first class high school.

GREENUP CONSTABLE RESIGNS

GREENUP, Ky., Sept. 12.—The following cases were disposed of in county court here recently:

Lon Tackett has resigned as constable. C. E. Stephenson has been appointed as constable in district No. 7.

W. S. Parsons, magistrate in district No. 5, has been authorized to celebrate the rites of matrimony.

The following fines were handed out:

Wm. Clark, \$5.00 and cost on breach of peace warrant.
Ernest McBrayer, \$5.00 and cost for the same offense.
Mrs. Mick Callahan of Chinnville was appointed administratrix of the estate of her husband deceased. Bond \$500.00.

Car Ditched; Overturns

WAVERLY, Sept. 12.—John Fishburn and daughter of Piketon narrowly escaped serious injury Sunday night in an automobile accident at the foot of Corvins hill midway between Waverly and Omega. Fishburn had no lights on his car and ran into

the ditch, the machine turning over outside of a few scratches neither of them was hurt. The top of the machine was completely smashed and the lamps and windshield broken. Clarence Valley's men hauled the car in and made the necessary repairs.

Fox Killing Case Under Advisement

WAVERLY, O., Sept. 12.—A hearing was held Monday in local common Pleas court of the appeal in error in the case of Oscar Fenner, charged with unlawfully killing foxes. Several weeks ago Fenner was tried in the justice court of Tom Brown, found guilty of the charge and assessed a fine of \$25 and costs. Judge

Benjamin Jones of Jackson sat on the bench in place of Judge Dill and heard the argument on appeal. Attorney S. D. McLaughlin represented Fenner and Prosecutor Levi B. Moore represented the state. The result of this case will be watched with interest inasmuch as it is a test case for Ohio. Judge Jones has taken the case under advisement.

CELEBRATES FIFTIETH ANNIVERSARY

The country home of Mr. and Mrs. Hiram Hickman of Minford, was the scene of a delightful party Sunday, Sept. 10, when Mrs. Hickman's relatives and neighbors surprised her by calling with well filled baskets to help celebrate her 50th birthday anniversary. The beautiful dinner was served in the orchard to the following guests: Mr. and Mrs. Josiah Warren and children, Garnet, Junior and Maxine, Mr. and Mrs. Walter Dever and children, Lucille, Forrest and Vivian, Mr. and Mrs.

William Hickman and children, Violet and Frances, Mrs. Wm. Allison and children, Emma and Nettie, Mrs. Sarah Smith and son Orrill, Mrs. Wm. Steele, Mrs. Elizabeth Brown, Mrs. Elizabeth Hickman, Mac Asbury, Della and Olga Hickman, Emma Hickman, Desma Hickman, Ezra Steele, John Brown, Leslie Allison, Homer Hickman and Mr. and Mrs. Wm. Rockwell and Mr. and Mrs. John Franck and children, Lloyd, Iona and Bobbie of Seotiville, and the host and hostess, Mr. and Mrs. Hiram Hickman.

ENJOYED A REAL BASEBALL TREAT

The fans of Lucasville were tendered a real baseball treat Sunday when the home team defeated McDermott in a fast and well played game. Pitcher Houston of recent All Star fame, was on the mound for McDermott and was "nicked" for three runs in the first two innings which proved enough for Lucasville to win. Lucasville plays at Wellston next Sunday and Waverly the following Sunday.

Runyan's pitching was very effective and would have scored a shut-out but for his support becoming wobbly at a critical point in the 7th inning.

BABE RUTH CLUBS OUT TWO HOMERS; THE GIANTS COP TWO MORE GAMES; NOW HAVE A BIG LEAD

Browns Beat The Tigers

NEW YORK, Sept. 12.—Only three games are scheduled for today in the major leagues, the Tigers clashing with the Browns in St. Louis in the American league while Pittsburgh plays Boston and the Cardinals meet the Phillies in the two National league contests.

With Babe Ruth hitting two homers and two doubles yesterday, the Yankees had no difficulty in defeating the Athletics 3-1. The Babe's clouts accounting for six of the rallies. The Browns maintained their position one and one-half games in the rear of the Yankees by winning from Detroit 5-4.

The Giants increased their lead over Pittsburgh for the National league pennant to five and one-half games by taking a double-header yesterday from Boston. The score in each game was 7-6. Those were the only contests in the National league.

Washington defeated Boston 12-3 in the only other major league contest, the game between the Chicago Americans and Cleveland being postponed because of rain.

Ruth's two homers brought his total for the season to 31, just six behind Ken Williams, the 1922 leader for home run honors.

NATIONAL GIANTS WIN TWO

NEW YORK, Sept. 12.—The New York Nationals increased their lead to five and a half games by twice defeating Boston Monday by the same score, 7 to 6. The two games, however, were directly opposite. In the first game Jess Barnes pitched well for seven innings and had a lead of seven runs, when he weakened and was touched for four runs in the eighth. Boston scored two more off Ryan in the ninth, but V. Barnes, New York's third pitcher retired the side on a double play.

In the second game, Boston got off to a six run lead, but the Giants scored in their half of the fourth and won out in the seventh when Groh scored the tying run on Menzies' single and Kelly knocked in the winning run with a sacrifice fly. The score—First game:

Sues Mother-In-Law For \$5,000 Damages

Congress May Adjourn Soon

WASHINGTON, Sept. 12.—Adjournment of congress next week was planned today by leaders as a result of the speed made in conference on the tariff and soldiers' bonus bill, the administration coal legislation and other measures. Few other important bills were on the schedule for the remainder of the session, which began last December and members of congress hope to be released next week for the fall campaign. Final disposal of the tariff and bonus bills early next week was believed possible with the expectation of prompt action by President Harding on the bonus measure. Little also remained before the house committee reports, under the agreement to defer the administration merchant marine legislation. The senate expected to dispose of the pending Librarian loan bill, the Capper-Tucker grain futures bill and to discuss the Dyer Anti-Lynching measure, all of which it was believed, could be handled in time for adjournment late next week.

EXPLAINS NEW GAS PAYING SYSTEM

The first gas bills under the continuous meter reading system as used in all the larger cities, became effective in Portsmouth Tuesday. The city has been divided into three districts. If you live in District No. 1 you get your bill the first of each month and have ten days or to the tenth of the month to pay it.

Patrons in District No. 2 get their bills on the tenth of the month and have until the twentieth to pay them and those in District No. 3 get their bills on the twentieth and have to the thirtieth of the month to pay them. In other words, every ten days will hereafter be gas paying periods, instead of once a month.

Would Regulate Transportation

COLUMBUS, O., Sept. 12.—(By the Associated Press)—Ohio legislators associated in considering the bill to regulate transportation, should also give some thought to a law making sure and certain intrastate commerce, a law compelling state and municipal institutions to carry at all times a four months supply of coal, a law compelling railroad and miners' unions to make public announcement of their intentions to call a strike three months before the suspension of work and a law providing that priority orders on intrastate shipments should only be permitted upon individual request of the public utility commission.

These recommendations to the general assembly now in session were contained in a statement given out today by R. F. Nigh, secretary of the Michigan-Indiana-Ohio Coal Association.

The solution of the present coal problem lies not in the fixing of a price which the consumer must pay for his commodity, but in a regulation of interstate and intrastate commerce which will keep cars moving and the mines in operation. Mr. Nigh declared. Any price fixed by law will not bring one more pound of coal to

Russell May Play Crack Price Hill Club

TRONTON, Sept. 12.—Russell's fast baseball club, one of the classics in this section of the country, is after a series of games with the Price Hill club of Cincinnati, to play for the amateur championship of the Ohio Valley. Price Hill is leading the clubs of the Queen City and if Russell should secure a series it would

give the Kentucky Terminal club a reputation abroad that would mean much to them next season as a drawing card.

Local folks are assisting in arrangements for the Price Hill series which will about bring the old season in this section to a close, as football is coming strong on the

members of the last year team are asked to report for scrimmage at this time. Anyone wishing to come out for the team is asked to be present at this evening for a tryout.

From all indications the local lads are going to have one of the classiest elevens in the state of Ohio, and some of the strongest teams of this section are being booked. The first game will probably be on October 14 with Ashland, Circleville or Chillicothe.

PRELIMS HAVE SAVED MANY BILLS

Duke Ridgely in the Huntington Herald Dispatch says: "They are still talking about the three great preliminaries that Smith, Layman, Perdue, Walker and four put up on Labor Day. Each one of them was a knock 'em over and drag 'em out affair. It's a funny thing that almost every main game at

Clydesdale has been saved by the preliminary boys. The Bob Martin-Eddie Civil bout and the Sam Langford-Cordone Smith mill were pulled out of the first by the battlers who really battle, and only receive a very small sum for their services. Things ain't the same since Volstead knocked Front street for a goal.

Reds Open In Brooklyn Wednesday

The Reds open their last series in Brooklyn Wednesday and if they make a good showing on their last Eastern invasion they

have a chance to finish in second place. The team is in fine fettle and is out to cut in on the world series money on this trip.

HAS PLAYED HER LAST SINGLES

PARIS, Sept. 12.—(By the A. P.)—Stuzanne Longen has played her last singles tennis in tournament matches. She told friends today upon her return to Paris from Le Touquet, where she experienced a recurrence of the heart trouble to which she has been subject recently.

At Le Touquet the champion requested her opponent in the semi-finals, Miss. Enhamman of England, to postpone their match which the latter declined to do, winning by default.

Miss. Longen has not lost a set this summer and only once was forced into extra games to win.

Strollers Organize Eleven

The Smoke Shop Strollers, a New Boston grid team, recently organized, held a meeting last night and discussed plans for the coming season. The club has a formidable array of warriors and some snappy games are expected by fans this fall. Practice will be held tomorrow night at 5:00

MATTY VISITS HIS OLD HOME

FACTORYVILLE, Pa., Sept. 12.—While visiting at the home of his parents, recently, Christy Mathewson, whose mighty right arm turned back team after team in the National League, and who is slowly recovering from a lung affection, lived his boyhood days all over again.

Factoryville, where "Big Six" was born, is a rural village nestled between green hills and surrounded by farms and fields of wild flowers. During his visit "Matty" recalled the days of his youth and took delight in roaming the hills and fields with his friends, who, as boys, were his play

mates. The once famous pitcher is a lover of wild flowers and while here added 26 varieties to his already large collection. When moving picture men came to Factoryville to "get" Christy, they found him in a field with a clergymen gathering flowers.

NEW YORK—Joe Lynch, bantam weight champion, has been matched to go fifteen rounds with Jack Wolfe of Cleveland at the opening of the season at Madison Square Garden on September 22.

A PRACTICAL ORDER

THE recent order of the postoffice department requiring patrons receiving service by city carrier to provide a slot in the door or a receptacle for mail is so practical a step that it is strange it had not been issued long ago. From the institution of the service rural route patrons were required to provide a box, otherwise their mail was not delivered. The rural carrier never did wait for the householder to come out to the road and take the mail from his hand. It is no more reasonable for the city carrier, after ringing the bell, to wait for some one to come and take the mail.

In covering a long route no doubt the time lost by a carrier in waiting for the door to be opened would amount to considerable in a day. You have four months to comply with the order. Failure will mean that mail will not be delivered. Government officials reach the obvious conclusion rather slowly but they do sometimes arrive, as they have in this matter.

Paris Day-By-Day

BY O. O. MCINTYRE

PARIS, September 12.—If one sits for an hour at a sidewalk cafe table in the busy section of Paris he is almost certain to see a familiar face. All the world drifts by. There is an easy familiarity among the wine, coffee and aperitif sippers.

As Paris was rushing home for the evening I sat in front of the Cafe de la Paix on the Boulevard des Capucines and saw a half dozen persons I knew. The man at the table next to mine was indeed once a fellow-worker on an American newspaper.

Tattered old men were crying the evening journals. From across the street came a familiar shout. A colored boy was shouting: "Here you are! American papers." He is from Birmingham and came over during the war. "This is sho' my home town," he grinned. "Gin and fried chicken for almost nothing." And he smacked his lips and rolled his eyes.

Little family parties occupied tables and sipped well diluted glasses of wine. It was the hour when Paris is frivolous. Young lovers hold hands and men clip each other on the shoulder with typical French enthusiasm.

The warmth of the people is expressed. A bronze bearded Parisian with monocle and top hat lifted his glass pleasantly to a group of Americans. "Vive la America," he cried. And the Americans responded with "Hooray—digged-doo"—a phrase that has been popularized here and amuses the Frenchmen.

From noon until late at night the sidewalk tables are seldom empty. It is a shifting, changing crowd, always good tempered and light-hearted. It is a cross section of Paris that reflects the American idea of its ingenuity—the Paris that wears its heart on its sleeve.

One does not see over indulgence at the sidewalk tables. If a patron becomes tipsy the waiter merely refuses to serve more to drink. The true Parisian likes to sit at the sidewalk table, sip his drink slowly and

read his favorite newspaper.

During the evening promenade along the Champs-Elysees the striking contrast between American and French styles for men is pronounced. The French dandy wears high-heeled, short vamp shoes with gray uppers. His coat has a wasp-like fit at the waist and his trousers are extremely wide, with a flair at the bottom. Gloves are not for him to wear, but to carry in the same hand that holds his walking stick. His kerchief, generously exposed from his coat pocket, is a riot of color. The wing collar is almost always worn in the afternoon.

A popular visiting spot for the tourist is the tomb of the unknown soldier under the spreading arch of the beautiful Arc de Triomphe. Eighteen avenues and boulevards run into the circle surrounding the arch. Strollers sweep up to the magnificent edifice chatting and laughing. They come suddenly upon the flower laden altar. There is a hush. Hats are lifted, heads are bowed and the crowds tip-toe softly away in a sober mood to be caught up again by the gay swirl.

Paris streets are filled with bicycles. If one escapes the taxi he still faces the danger of being moved down by the cyclist. The messenger box, midcycle, shop girl and clerks new them almost exclusively. Even the taniem is still popular here.

The American negro goes to the best cafes in Paris to dine. At Croix the smartest dressed couple in the dining room was a light mulatto and his female companion. They were in correct evening clothes. He is a jazzland leader and she is appearing in a musical revue. If the colored couples are in evening clothes they are given as choice tables as the white couples.

Settled!

No feud have I with Father Time; he has been very kind; I've kept my girlish figure and youth's optimistic mind; I had forgot to count the years—they passed me like a streak—Till I went back to Scootsville to spend Old Settlers' Week.

I had forgot to count the years; ah, vain fulfillment! All of my native villagers had kept the count for me. I thought I could turn Life's Book to childhood's happy page And thus renew my youth; alas! I learned anew my age.

Each citizen of Scootsville, that garden spot of earth, The moment that we met recalled the year that gave me birth. The Scootsville Star proclaimed the date I reached this world of woe Under the pleasing headline: "Events of Long Ago."

I met the oldest settler, all wrinkled, worn and wan; His sight, they said, had failed him quite; his memory was gone; But when they tried to make it clear just who I chanced to be, With senile squeak he quoth: "Why, she wuz born in eighty-three."

So gladly did I hie me from my home town's revelry— Old Settlers they were rightly named; they surely settled me— And early do I turn to greet the city's noise and jam, Where not a single soul I meet knows just how old I am.

"Sure, ma'am," protested Bridget earnestly. "I can't be runnin' to ye every minute of the day."
Who Is Responsible For This
On a dark and "Willy-Knight" a "Pathfinder" set out to locate the "Chevrolet," and on his trip he was forced to "Ford" the "Hudson" and "Dodge" "Overland" in his rush to make a "Paige" in history. With a load of "Saxon" he was struck with a "Pierce-Arrow" and knocked "Coke."

MURDERS DAUGHTERS AND THROWS BODIES IN RIVER

KANSAS, CITY, MO., Sept. 12.—(By the Associated Press)—A confession that he had killed his two daughters and thrown their bodies into the Missouri river, was made today by Tony Dinello, of Kansas City, Kas., to Henry T. Simmer, chief of police, and several detectives, the police chief announced today.

Dinello was arrested yesterday after the second of the bodies had

been taken from a sand pile near Napoleon, 30 miles down stream, by a fisherman. The girls were 11 and 13 years old. Dinello's relatives became suspicious some days ago when they visited him and he gave them conflicting explanations of the girls' absence. About the same time a body was found tied in a sack, and although it was not then identified, it

was established that the girl had been hit on the head. The second body showed the same kind of a fracture.

Both the girls were dressed in cheap wrappers and wore no shoes or stockings. Both sacks into which their bodies were placed were similarly tied, at the top and by strings around the necks.

Turmoil And Famine Face Asia Minor

BRINDISS, ITALY, Sept. 12.—(By the Associated Press)—Every steamer arriving here from the Near East is bringing hundreds of Italian refugees who left Asia Minor fearing new conditions created by the Turkish victory. They report the Greek army in such a state of complete demoralization that it would be difficult to rally it in the near future should the necessity arise to employ it in Thrace.

Greek bitterness over the defeat is alleged by some of the refugees to have taken the form of incendiarism, looting and destruction, with mass

acres in some villages, while Mustafa Kemal Pasha is asserted to be inexorable punishing any attempt to transgress his stern orders to respect life and property.

SMYRNA, Sept. 12.—(By the Associated Press)—The 700,000 persons in Smyrna face famine within a week unless food supplies arrive, according to H. C. Jaquith, of Darlen, Conn., managing director of the Near East relief, who is superintending relief measures in co-operation with a group of Americans here. The food must come by boat as the sea is the only route now left open.

The last of the foodstuffs left by the Greek army upon its evacuation has been consumed and the situation is growing more desperate hourly. Already 30,000 refugees are without food.

The command of the Turkish troops of occupation is co-operating and has promised that within two days the city will be adequately patrolled. This will enable resumption of the importation of foodstuffs by sea without the danger of riots. Only those refugees who had engaged passage before the entry of the Turks have been able to leave.

Socialists Will Not Be On Ohio Ticket

TOLEDO, O., Sept. 12.—The Socialist state ticket, headed by Millard Price of Toledo, candidate for governor, will not have a place on the ballot at the general election in November.

Pride, who also is secretary of the state Socialist organization announced today that the number of signers on the petition to place the Socialist ticket on the ballot is insufficient. For the reason that they failed to cast ten per cent of the total vote at the last general election, the Socialists will be barred from the primaries.

The number of signatures required to place their ticket on the ballot by petition is 20,749, but only about 15,000 were obtained. Price announced.

The state ballot will be the first in 16 years which has not had printed upon it a state Socialist ticket, it is said.

Air Ship Will Start Tonight

NEW PORT NEWS, VA., Sept. 12.—The army airship C-2 will begin her trans-continental flight to California tonight at midnight if weather conditions are good. Langley Field officers declared today. The big dirigible, which has been fitted with new engines and a specially constructed basket for the long trip, hopped off today, for a test flight which marked the first time in the air since she was overhauled. Weather conditions held up the departure which was to have been at midnight last night.

Bonus Bill In Final Shape

WASHINGTON, Sept. 12.—The soldiers bonus bill was today in the form that it will go to President Harding, perhaps within ten days or two weeks.

Provisions added by the senate were eliminated by the conferees, who met unexpectedly yesterday and perfected the measure within three hours. Those provisions were:

Payment of the bonus out of interest from the \$11,000,000,000 farm-

loan debt, and the Smith-McNary reclamation plan.

The bill was to be reported to the house today but action on it both there and in the senate to follow disposition of the conference report on the tariff measure.

SOCIETY

Rev. C. E. Severinghaus, who has been attending the Central German Conference of the Methodist Church, is spending several days with relatives in Seymour, Ind., and Louisville, Ky., before returning home. Rev. Severinghaus has been returned to Portsmouth for another year.

Miss Rue Kirk, Misses Edward Bremer and John Gee have returned from Indianapolis, Indiana, where they have been attending the Central German Conference of the Methodist Church. Miss Kirk and Mr. Bremer are delegates to the Lay Association and Mr. Gee to the Older Boys' Conference. Franklin Avenue Church is to be congratulated on the election of Mr. Bremer to the office of First Vice-President of the Ohio District and Mr. Gee to the office of President of the Boys' Conference.

The Queen Esther and Standard Revere Circle of the Franklin Avenue Church will meet on Friday evening at 7:30 at the home of Miss Dora Stewart, 1912 Timmonds avenue.

FOSTER ARRESTED

CHICAGO, Sept. 12.—Wm. Z. Foster, head of the Trade Union Educational League and leader of the 1019 steel strike, was taken into custody today by the sheriff of Berrien county, Michigan, on a governor's warrant and started in an automobile for St. Joseph, Michigan, for arraignment there on a charge of violation of the Michigan Syndicalism law. He was arrested here several weeks ago in connection with a meeting of radicals at Bridgman, Berrien county, which was raided by federal and Michigan officers.

The raid netted 17 men, including several characterized by the federal judge as well known radicals. Many of them were said to be communists and met in a wooded valley in secret until federal agents learned of the gathering. Foster, when arrested here, denied he had been in Michigan weeks ago in connection with a meeting.

Northcliffe Left Huge Estate

LONDON, Sept. 12.—(By the A. P.)—Lord Northcliffe's will which was sworn to today for the provisional probate purposes leaves a gross estate valued at 2,000,000 pound sterling with personal property of the same amount. The figure of 2,000,000 pound sterling for the gross value of the estate was fixed merely provisionally and does not necessarily, the lawyers explain, mean that the total value might not be double this. In fact it was said to be reasonably certain the personality alone would amount to 2,000,000 pound sterling.

Legion Offers Reward For Flag Destroying Vandals

DAYTON, O., Sept. 12.—(By the Associated Press)—American Legion delegates closing their two-day state convention here today set off fireworks in the closing hours by offering \$1,000 reward for the arrest and prosecution of vandals who destroyed a number of American flags used in decorating the streets for the parade Monday. The convention passed a resolution demanding the arrest and prosecution of the persons responsible for the act. Cleveland and Cincinnati are staging a hot fight for the honor of being the 1923 convention city. The contest for the office of state commander has apparently narrowed down to Gilbert Bettman, of Cincinnati, G. L. Erlich, of Cleveland, Dr. Dan Jford, of Toledo, and Albert Burkett, of Columbus. Election is to be held late today. Another resolution passed by the convention today commends the action of Secretary of State Hughes in refusing recognition to the Soviet government of Russia.

May Have Flown To Pole

COPENHAGEN, Sept. 12.—(By the A. P.)—It is generally believed here that Capt. Roud Amundsen, the Norwegian explorer, has already undertaken his daring flight across the North Pole from Northern Alaska. This belief is further strengthened by the fact that the Norwegian government has asked the well known Danish explorer, Capt. Goufied Hansen to undertake a relief expedition.

Mr. and Mrs. Lunsford P. Halde, man and daughters, Helen and Eleanor, of Gallia street, returned last evening from a four weeks' visit with Mr. and Mrs. Nelson Whitaker of Wheeling, W. Va.

All the Republican ladies in the city are cordially invited to the meeting of the Scioto County Republican club to be held this evening at 7:30 o'clock, in their club rooms in the Masonic Temple.

Mrs. E. W. Richards and son, Wayne, of 1231 Fourth street, have returned from Columbus, where they spent the past week as guests of her brother, William Hast. Mr. Hast motored here with them and spent the week-end with his mother, Mrs. Louise Hast, of 714 John street. He is engaged in the retail shoe business in the Capital City.

Mrs. S. A. Moore of Officers street has returned from a visit with Mr. and Mrs. J. E. Moore of Columbus.

Mr. and Mrs. Ellsworth Williams and daughter, Jane, of Chattanooga, Tenn., are visiting his parents, Mr. and Mrs. John E. Williams of Second street.
